THE MARYLAND QUESTION.

Independently of investigations, more or less critical and elaborate, it would be absurd to require infallibility of the Maryland Police Commissioners, or their appointees. In the innumerable cases upon which they are called to act, on the moment and without opportunity for full inquiry, it is quite probable that some men have been arrested who ought not to have been meddled with; that some have been allowed to go at large, who ought to have been restrained; and that the right of suffrage may have been withheld in which it ought to have been granted. Even parents, in governing their families, make mistakes which they afterwards, upon fuller knowledge, regret. Doubtless instances have been found in the Police Administration of Maryland in which faults of commission or omission are apparent. There is no tribunal, of any sort, of which as much could not be proven.

For such faults were the Commissioners deserving of removal? Clearly not. Nor was their removal accomplished because of these things. The President and the Governor had sinister ends to reach by the removal, and hence pretexts had to be discovered and employed. The nature of the case indicated the description of pretexts needed, and they were invented. Nobody is deceived by the reasons assigned or the motives avowed. What is wanted is not a fair enforcement of the Constitutional Laws of Maryland, but a sweeping and persistent disregard of both. The object is not to let all vote who are legally entitled to that privilege, but to let thousands vote who are absolutely debarred by the laws. To-morrow these votes are wanted, and the determination is to get them at all hazards. Under professions of conserving law and order the intention is to trample the laws in the mire.

ANOTHER landmark of Democracy has been removed. Chief Justice Gregory, of Indiana, on Wednesday, delivered the decision of the Supreme Court of that State, that the clause of the Constitution prohibiting the residence of negroes in Indiana, is void, being in conflict with the Constitution of the United States. The judgment of the Court was unanimous.

RAPID INCREASE OF IOWA.—Reports from all portions of Iowa indicate that settlers are flocking there faster than ever before, and that whilst houses are very scarce in the towns, the lands are being rapidly taken up and settled upon. In 1860, the population of Iowa was 674,918, but it is now estimated at more than 1,000,000.

UNION PACIFIC RAILROAD EXCURSION.

QUINCY, ILLINOIS, October 31, 1866, 10 P. M.

Dear Gazette:—As you announced, the party of excursionists arrived from Philadelphia on Monday night; but, owing to a detention beyond Altoona, the train of which this car formed a part, did not arrive in Pittsburgh in time to make a western connection on that night. Early on Tuesday morning, however, we took the road for Chicago, which place we reached early on Wednesday morning, having a very pleasant trip between the two cities.

The party consists of Gen. William J. Palmer, of Philadelphia, Treasurer of the Union Pacific Railroad, Eastern Division, who has charge of the expedition; Thos. A. Biddle, Esq., Banker, Philadelphia; Dr. Leconte, Geologist, Philadelphia; Capt. W. T. Colton, Philadelphia; Edward Miller, Civil Engineer, Philadelphia; Elisha D. Kennedy, Esq., of the house of Clark & Thaw, Pittsburgh; T. W. Yardley, Esq., Cincinnati; Capt. John McCook, Steubenville; Strickland Knees, Civil Engineer, Philadelphia; John R. G. Hassard, Esq., correspondent of the New York *Tribune*; John C. Brown, Esq., Philadelphia; Casper Souder, Esq., editor of the Philadelphia *Evening Bulletin*; Charles Leland, correspondent of the Philadelphia *Press*, and Josiah Copley, senior, of the Pittsburgh GAZETTE. A more genial and agreeable party of gentlemen are rarely thrown together, and so far our expedition has been very pleasant and very interesting.

You remember that Monday was a very wet day. Tuesday (the day we went from Pittsburgh to Chicago) was bleak and dark with clouds; but this morning suggested the beautiful description a poet gives of Indian Summer:

> "And then there came those calm, wild days—for still such days will come—
> To call the squirrel and the bee from out their winter home;
> When the sound of dropping nuts is heard, though all the woods are still,
> And twinkle in the smoky light the waters of the rill."

It was on such a day that we ran diagonally through this magnificent State, over its cultivated and uncultivated prairies, diagonally 260 miles from Chicago to this place, over the Chicago, Burlington & Quincy Railroad. To A. N. Towne, Esq., Assistant General Superintendent of this road, and Thomas H. Kimball, Esq., Assistant General Passenger Agent of the Pennsylvania Railroad at Chicago, we are much indebted for their kind attentions. Both these gentlemen accompanied us some fifty or sixty miles.

To-morrow morning we cross the Mississippi, (with the elegant car which bears the party from Philadelphia to Fort Riley,) and proceed to the Missouri at St. Joseph, and thence, via Weston, into Kansas, and thence to our ultimate destination. Returning, we shall take St. Lou [illegible] ching the gran- [illegible] this country of [illegible] I must deter [illegible] C.

TELEGRAMS.

Joint Pastoral Letter of the Catholic Bishops to their Flocks—Affairs of the Church Discussed, and Admonitions to the Faithful.

NEW YORK, Nov. 3.—The Prelates and Ecclesiastics who composed the Second Plenary Council of the Roman Catholic Church, lately in session in Baltimore, issued a pastoral letter under date of October 21st. This letter opens with a discussion of the authority of the Plenary Councils, and after quoting the injunction of St. Paul—"obey your Prelates"—it notifies the faithful that when they are warned, either collectively, as in the present instance, or singly, in the present dioceses, to avoid secret societies and all associations which are pronounced unlawful, they cannot, on the peril of their souls, disregard the admonitions in treating of the relations of the church to the State. The pastoral claims that the church is the great support of the temporal power, while it complains that the State laws assume to regulate the manner by which church property shall be held contrary to the Canons and discipline of the Catholic Church. It recites: These laws, however, which are, for the most part, based on principles which the Church cannot accept without departing from her practice from the beginning, as soon as she was permitted to enjoy liberty of worship. They are the expression of a distrust of Ecclesiastical power as such, and are the fruit of the misrepresentations which have been made of the action of the Church in past ages, as well as the Civil power, prescribe to her the doctrines she is to teach and the worship with which she is to honor God, as to impose on her a system of holding her temporalities, which is alien to her principles, and which is borrowed from those who have rejected her authority instead of seeking to disprove the various reasons alleged for this denial of the Church's rights in some of the States. We content ourselves with the formal protest we hereby enter against it, and briefly remark that even in the supposition which we by no means admit, that such denial was the result of legitimate motives; the denial itself is incompatible with the full measure of ecclesiastical or religious liberty which we are supposed to enjoy.

The pastoral directs that a contribution in aid of the Pope be taken up annually in all the congregations. The political changes in Italy are referred to as trials and humiliations to the Holy Father, while the fortitude of the Pope under these circumstances is alluded to with profound interest.

The pastoral devotes considerable space to the sacrament of matrimony and urges that marriage be contracted before the altar of God. Touching upon the press the pastoral then recites the council of Trent as requiring all books that treat of religion to be submitted to the diocesan. Even then it says the book has no episcopal sanction, it has merely the guarantee of freedom from error in faith or moral. Catholic journals are not to be identified with the Bishop who may endorse them by endorsement, he merely designs the paper as one in which the Bishop will cause to be inserted such official documents as he from time to time may have to publish.

In regard to education, religious teaching and training are regarded as indispensable. The establishment of Catholic industrial schools or protectors, is urged to save children from the sectarian reform, where they are placed by the courts, thence to be transferred to distant localities and influences hostile to the religion in which they have been baptized.

An increase in the number of priests is desired, and young men are urged to enter upon this vocation. The laity are urged to new fidelity and zeal, and to pay more attention to the sacraments of the church.

In regard to amusements the Prelates say in this Convention: "We consider it our duty to warn our people against these amusements, which may easily become to them an occasion of sin, especially those fashionable dances, which, as at present carried on, are revolting to every feeling of delicacy and propriety, and are fraught with the greatest danger to morals. We would also warn them most solemnly against the great abuses which have sprung up in the matter of fairs, excursions and pic nics, in which, as too often conducted, the name of charity is made to cover up a multitude of sins. We forbid all Catholics having anything to do with them, except when managed in accordance with the regulations of the Ordinary, and under the immediate supervision of their respective pastors."

The clergy are exhorted to unremitting zeal and blamelessness of life. In regard to the freedmen the Pastoral holds the following language: We must all feel that in some manner a new and most extensive field of charity and devotedness has been opened to us by the emancipation of the immense slave population of the South. We could have wished that in accordance with the action of the Catholic Church in past ages, in regard to the serfs of Europe, a more gradual system of emancipation could have been adopted, so that they might have been in some measure prepared to make a better use of their freedom than they are likely to do now. Still, the evils which must necessarily attend upon the sudden liberation of so large a multitude, with their peculiar dispositions and habits, only make the appeal to our Christian charity and zeal, presented by their forlorn condition, the more forcible and imperative. We urge upon the clergy and people of our charge the most generous co-operation with the plans which may be adopted by the Bishops of the Diocese, in which they are to extend to them that Christian education and moral restraint which they so much stand in need of. Our only regret in regard to the matter is, that our means and opportunity of spreading over them the protecting and salutary influences of our holy religion are so restricted.

A hearty eulogism is pronounced upon the religious communities and the Pastoral says: "We discharge a grateful duty in rendering a public testimony to the virtue and heroism of these christian virgins whose lives shed the good order of christianity in every place, and whose devotedness and spirit of self-sacrifice have more, perhaps, than other cause contributed to effect a favorable change in the minds of thousands estranged from our faith." The protest concludes the pastoral by saying that they have promulgated new decrees in regard to discipline, in clear statements of faith and morals, which, after submission and approval by the Holy See, will be greatly promulgated.

Extensive Fire—Petrified Animals—Indian Depredations on the Upper Missouri

ST. LOUIS, Nov. 3.—A fire last night on Franklin avenue, destroyed the flour mill of D. G. Greenwood, the home factory of Chas. Muelley and several adjoining buildings. Loss about $25,000, partially covered by insurance.

The steamer Tom Stevens arrived at St. Joseph from Upper Missouri, with $20,000 in treasure. An agent of the Smithsonian Institute was also on board, with a large number of petrified animals for the Smithsonian Institute and the Philadelphia Academy of Natural Science. There are over three hundred different kinds of small animals extinct, and countless bears, &c., of mammouth size. The collection was made in Dakotah territory, near the head of White River, by Prof. Hayden.

Two Mackinaw boats arrived during the day direct from Fort Benton, with a quantity of furs and a considerable treasure. They confirm the reports of continued Indian hostilities on the Upper Missouri.

General Kiddoo's Examination of Freedmen's Affairs—Indians in Texas—The Crops.

NEW ORLEANS, November 3.—General Kiddoo, Superintendent of the Texas Freedmen's Bureau, is about making a tour thorugh the State, to examine into the condition of the Freedmen. He pronounces himself altogether opposed to the determination expressed by many, to decline making contracts for 1867, which he declares will be ruinous to their moral and physical welfare.

The Indians have appeared in Bardera county, Texas, and are driving in the settlers.

The crops in Texas are nearly all gathered. More has been saved than was expected, but the cotton crop is still very short.

LATE NEWS BY TELEGRAPH.

THE BALTIMORE EMBROGLIO.

The New Commissioners are Refused an Audience With the Old Board—They Order the Sheriff to Summon a Posse and Judge Bond Threatens to Arrest that Officer if he does so—New Police Officers Sworn in—A surrender of City Property Demanded from the Old by the New Commissioners—The Contending Parties Meet—Arrest of the Two New Commissioners on a Bench Warrant—Reply of Judge Bond—The Sheriff and New Commissioners Ordered to Procure Bail to Keep the Peace, in Default of Which they are Put in Jail.

BALTIMORE, Nov. 3.—The new Police Commissioners appeared at the Marshal's office at half-past ten o'clock this morning. They were met by the clerk of the old Board of Police Commissioners, to whom they made their demand, and requested to see the members of the old Board. This request was refused by the clerk, when the new Police Commissioners immediately retired. They were greeted, as they passed though the large crowd gathered in front of the Marshal's office, with derisive laughter by some of the friends of the Board. The new Commissioners then proceeded by the way of Lexington street to the Sheriff's office.

The carriage drove off to the corner of North and Baltimore streets, the headquarters of the Conservatives, where the new Commissioners were received with loud cheering by the crowd gathered there.

It is understood that the new Commissioners are busy organizing a new police force. Some five or six members of the old police force resigned last night, and reported for duty this morning to Messrs. Young and Valiant.

There are reports of an arrival of United States troops at Harper's bridge, on the Washington road, but they cannot as yet be verified.

1:30 P. M.—Judge Bond has issued a bench warrant for the arrest of Messrs. Young and Valiant, the new Commissioners. The Judge also summoned the Sheriff before him, and inquired if it were true that he was summoning a posse. He said he was doing so at the request of the new Commissioners. The Judge warned him to desist, and said if he did not obey he would forthwith cause his arrest.

A few officers have been sworn in by the new Police Commissioners, and are designated by white ribbens. It is expected the old force will arrest them.

The document presented by the Board of Police Commissioners to the old Commissioners was a formal demand for the surrender of all the station houses, Marshal's office, fire alarm telegraph and the police force.

BALTIMORE, November 3.—At half-past one o'clock a few regular police appeared in the vestibule of the Court House and commenced at once ejecting the Sheriff's posse, who were crowding the stairways from the south entrance to the Sheriff's office above. A scuffle ensued, and for a time there was considerable confusion and much threatening language used. Many spectators becoming alarmed, made a hasty exit from the building, causing much excitement outside. Presently the new Commissioners were seen approaching the north entrance of the building, on Lexington street. They had scarcely entered the building, when Marshal Carmichael appeared, coming from the direction of the central police station, at the head of a large body of police, who made a rapid entrance, and in a few moments cleared the Sheriff's men out of the building.

On entering the Criminal Court, a Deputy Sheriff appeared and announced that the bench warrant for the arrest of Messrs Valiant and Young, had been served, and in a few minutes thereafter the Sheriff appeared with Messrs. Valiant and Young in custody. The Court informed them that there would be an opportunity afforded them to procure counsel. Presently their counsel Messrs. Schley and Latrobe appeared, and inquired for the affidavit upon which the arrest had been made. The State's Attorney briefly recited the evidence that had been given by the witnesses, upon whose testimony the bench warrant for the arrests had been issued. Counsel for the new Commissioners, Messrs. Schley and Latrobe, then proceeded to argue that the arrest was an unwarranted one; their clients were the duly commissioned Commissioners of police, and were exercising only their lawful authority.

The following is the reply which Judge Bond made to the application of the State's Attorny for a bench warrant for the arrest of Messrs. Valiant and Young:

"It is your duty to bring to the notice of the court the very grave facts you have just mentioned. It is the only tribunal here charged with the punishment of crime and the preservation of the peace. Whatever power it has for these purposes should be immediately invoked and exercised to prevent the violence which you suggest is contemplated. It is not our duty to determine the questions in dispute between those claiming to be officers and police commissioners, but it ought not to be truthfully said that in a government so long established as that of Maryland, the only way to obtain possession of an office is by force of arms. The courts are open; an appeal to them can be speedily heard; and all official rights determined. This course must be pursued. An array of force for any purpose of this kind, is an unlawful assembly; the parties engaged in it are guilty of a breach of the peace, and must be immediately arrested. All the power of this Court shall be exercised with vigor and promptness to prevent such a violation of the law, and the public peace shall be preserved at all hazards. The facts that persons claiming rightfully or wrongfully to be police Commissioners are about the police persons on the streets are the police officers charged with the duty of preserving the public peace, and not calculated to alarm the public mind. The dread of collision between the two forces and of ultimate armed conflict, will fill the mind of peaceable and order loving citizens with terror. It is impossible that this should be allowed if the law can prevent it, and the warrant you ask shall issue.

LATER.—Judge Bond has just given his decision, and orders that each of the parties be required to give bail in the sum of twenty-five thousand dollars to keep the peace toward the Board of Police of the city of Baltimore.

Sheriff Thompson was also required to give bail in the same amount.

It is understood that all the parties refused to give bail, and it is expected they will be committed. There are reports that they intend to appeal to General Canby to be released from custody.

The new police officers have disappeared from the streets. Some have been arrested.

All is quiet, but the deepest interest is manifested in large crowds of people on the streets, eagerly discussing affairs, and speculating as to the future.

The old Board of Police have ordered the closing of all taverns and places where liquor is sold.

LATER.—The parties have been committed to jail, having refused to give the required bail.

It is now rumored thar martial law will be declared by Gen. Canby.

4:15 P. M.—It is not true that Gen. Canby purposes declaring martial law. That General sent for Mayor Chapman and the Police Commissioners, and they had a very pleasant interview with the General at his headquarters a few moments ago. He simply desired to be informed by them of the condition of affairs, and as to their ability to preserve the peace of the city. Commissioners Hindes and Woods informed the General that they had an extra force on duty, had closed all taverns and grog shops, and were arresting all disorderly persons; that they had so far succeeded in preventing any outbreak, and fully expected to be able to do so.

With this statement the General seemed to be entirely satisfied, and the Commissioners and Major Chapman returned to their offices. It is supposed that the next step to be taken by the counsel for Messrs. Valiant and Young, will be to get out a writ of habeas corpus, which will bring the whole question before the courts. The writ, however, can scarcely be returned before Monday morning. The charge mainly, on which Sheriff Thompson was brought before Judge Bond, was that of contempt in having disregarded the order of the Judge forbidding him to swear in his posse to aid and support the claims of Messrs. Valiant and Young. He was, therefore, ordered to be committed in default of $25,000 bail.

LATER.—The Commissioners and the Sheriff have just been sent to jail. Some excitement and riotous demonstrations occurred in the neighborhood of the newspaper offices upon the announcement of the result of the proceedings in the Court, but the police promptly ended the matter by arresting the parties. It is believed that the whole affair will now pass off without any serious breach of the peace.

6 O'CLOCK, P. M.—The city is perfectly quiet. The excitement has greatly subsided; the police are maintaining the best of order, and there is no longer any grounds for apprehending trouble.

BALTIMORE, November 3, 9 P. M.—The city is now perfectly quiet, the streets deserted, and the excitement of the day has entirely disappeared.

Messrs. Valiant and Young and Sheriff Thompson are still in jail, and have not been bailed out. It is reported that the counsel of these parties are endeavoring to get out a writ of habeas corpus before some Judge of an adjoining county. It is not known positively what course will be pursued, but it is presumed that some such course will be taken, and that the parties will be brought before the Court on Monday.

WASHINGTON, Nov. 3.—Much solicitation naturally prevails here concerning the troubled condition of affairs in Baltimore.

It is reported that troops were to-day sent to that neighborhood to be ready in case of any emergency, and if there shall be any hostile demonstrations on the part of the citizens the United States authorities will interfere and declare the city under martial law for the purpose of preserving the peace.

It is stated that in the Cabinet Council of yesterday, to which Gen. Grant was called, and which undoubtedly related to the Baltimore difficulty, the position of the President differed very materially from that of Gen. Grant, as to what should be the stand of the General Government in case of an outbreak in Baltimore. The latter, it is believed, was only in favor of the introduction of United States troops and the arrest of contesting factions in case there was an actual outbreak. The Executive, on the other hand, advised that the intervention should be immediate upon the refusal of the incumbents of the Police Board to surrender the office to the appointees of Gov. Swann.

Fenian Trials—The Case of Rev. Lumsden—Acquittal on the Ground of Drunkenness.

TORONTO, C. W., Nov. 3.—The excitement in regard to the Fenian trials remains unabated. His Lordship, Justice John Wilson, having intimated yesterday that the trial of the Episcopal minister, D. F. Lumsden, would take place this morning, a large number of people, long before the time, congregated in the vicinity of the county buildings, anxious to obtain a seat. Although the constables stood at the different entrances and did their best to preserve order, and only permit those to enter who had a right from position as barristers, jurors, or witnesses, others managed to crowd in. When the court opened, the court-room was filled to its utmost capacity.

At ten o'clock His Lordship took his seat on the bench. Amongst these present as witnesses for the defense were Bishop Cox, Dr. Truebridge, Rev. Mr. Hill, Col. Thomas, U. S. A., and others.

The wife of the prisoner, a young woman of lady-like demeanor, occupied a seat next her husband's counsel, and seemed to feel the unfortunate position in which her husband was placed.

The jury panel being called, and the jurors having answered, the prisoner, D. F. Lumsden, was brought into court. He looked pale, and manifested anxiety.

His Lordship—Are you ready for trial.

Prisoner—Yes, my Lord.

Mr. J. McNab opened the case for the Crown, and stated that the prisoner, who professed to be a minister of the word of God, would be proven to have acknowledged himself chaplain to a people who possessed neither religion nor anything beyond the desire of crossing into a powerful country for the sake of murdering its peaceable inhabitants, and pillaging all the property they could lay their hands on. He hoped the jury would throw aside all prejudice in the matter, and try the case as between man and man, apart from religious or party motives.

The first witness called for the Crown was John Bucker.

Mr. Cameron, for the defence, objected to this witness being examined, the name of the witness not appearing on the back of the indictment.

His Lordship—I shall note your objection.

The witness testified that he saw Rev. Lumsden on the 1st of June in the Fenian army. Other witnesses were called, who testified that the defendant admitted he was acting as Chaplain in the Fenian camp. They also saw him in the Fenian army at Fort Erie. It appeared from the testimony that the Rev. Mr. Lumsden drank very heavily while with the Fenians, and got drunk.

For the defence, witnesses testified to the prisoner's habit of drinking to excess.

Rev. Dr. Cox, sworn for the defence—Am Bishop of the Episcopal Church of New York; know the prisoner; am under the impression he went to Buffalo in answer to a verbal citation of mine. I regret to say he had rendered himself subject to dismissal from the church by reason of intemperance. On the 30th of May saw the prisoner in Buffalo; gave him a letter from Bishop Potter, and advised him to send in his resignation, as his continuance with the church could no longer continue.

Other witnesses were examined, who testified to the prisoner's dissipated habits, the theory of the defence being that he must have been drunk when he got among the Fenians and that he had no sympathy with the Fenians, and never had.

Mr. M. C. Cameron then addressed the jury in a long and able speech for the defence, contending the case for the Crown was a complete failure. So far from being a Fenian, his intervention between Newbiggen and O'Neil was an act of kindness to the Canadians. The counsel reviewed the evidence at length, and concluded with a touching appeal to the jury to consider the innocent wife and children of the prisoner.

Hon. J. H. Cameron replied, contending that the Crown had established its case. If the jury were satisfied the prisoner was aiding, assisting, or counselling the Fenians as religious adviser or otherwise, he was equally guilty as if caught in the act of hostility. He concluded by stating if the jury had a a reasonable doubt to give the prisoner the benefit of it.

The Judge then charged the jury, concluding at half past five o'clock.

The jury then retired and soon returned, bringing in a verdict of "not guilty."

The prisoner was visibly affected and burst into tears.

J. H. Cameron—I move the prisoner be discharged.

His Lordship—David F. Lumsden, the jury has taken a merciful view of your case and has acquitted you. You must feel the disgraceful position in which you are placed; and but that the jury considered that at the time you were at Fort Erie, you were not responsible for your actions, in consequence of your inordinate love of drink, you would most probably have forfeited your life. To see a man of your ability brought down by intemperence is very sorrowful. I sincerely hope it will prove a lesson, and that you will be more careful in the future and avoid bad company. You are now discharged.

After the prisoner left the dock he embraced his wife and was completely overpowered by emotion; they then drove off to the American Hotel.

Disturbance at a Republican Meeting—Gen. Butler to the Throng—Mellions of New York—They do not Intimidate the Old Hero—A Levy Made on Office Holders.

NEW YORK, Nov. 3.—The following is the *Post's* version of the disturbances at the Republican meeting in the City Hall Park this afternoon: The police were present in force and kept the crowds back for a time, but they soon crowded up to the platform. General Butler took off his overcoat and hat and was introduced to the meeting by Gen. Walbridge. An apple was thrown at him and hit him fairly. He coolly took and began eating it while he waited. Several interruptions followed. General Butler continued, and said that it had been this spirit of mis-rule which brought on the terrible war. There were, doubtless, within the sound of his voice, men who fled from the South for protection during the war, and are now endeavoring to bring on anarchy. The honorable men of New York would not wish to interfere with the rights of the South. Wherever the Republican party exists, even in Georgia, free speech is tolerated, except in the city of New York. If this is the Democracy of New York, the sooner it is wiped out the better. Organized bands of thieves, with their arms deep in the public plunder were before him. While one may pardon the poor hirelings, he added, they do their master's bidding, but we hold the leader guilty. He charged the scene upon Mayor Hoffman, who would follow Governor Seymour out of office. The men who are now howling were, in 1863, burning and hanging negroes. You poor fools, he continued, I have faced your superiors in Baltimore and New Orleans; I have hung your betters. If you do not behave yourselves I will have the pleasure to see you hung. Do you think I am going to flinch! Do you think you are the equal of the negro! You are not. Overthrow free speech and free thoughts, men of the five points, thieves and frequenters of the tombs. I think you are not worthy of the elective franchise He said that the crowd was composed of the paid hirelings of the democratic party, who are paid so much a week to suppress free speech. No higher spectacle could be presented why Gov. Fenton should be elected than this. If there was anything that should be argued in favor of despotism and against the rule of the minority against the majority, it was such a scene as this one. It would take but a few demonstrations of a like character to make the great Republican party become disgusted with the free elective franchise.

General Butler was then asked to go on and give the ruffians what they deserved. He replied:

"No, no, fellow citizens; I will not play the blackguard; I am not a President or a Vice-President, and cannot go into any discussion with an angry crowd."

The scene during the General's speech beggars description. The crowd was composed of villainous faces. The General spoke boldly and fearlessly, loudly defying his enemies. His manner was impressive and carried greater effect with it than his words.

The *Post* says that a levy or so-called contribution has been made upon the employees of the Custom house and Naval and Surveyor's offices for the purpose of defraying election expenses, to which a number have refused to respond, and adds: We have reason to believe that the efforts which may be made to deprive officers of the customs of their places because of their refusal to contribute in this levy will fail through the refusal of the elector to act upon the charges, and the fact that any man stood firm in opposition to an open or implied demand is, we understand, to be taken in his favor.

Death of Meredith P. Gentry—Fenian Meeting.

LOUISVILLE, Nov. 3.—Meredith P. Gentry, of Nashville, died yesterday at the house of a relative near this city.

A large enthusiastic meeting of Fenians was held here. Resolutions were passed condemning the recent action of the British authorities in reference to political prisoners.

A heavy rain storm is prevailing, with tremendous peals of thunder and flashes of lightning.

Radicals Elected in Tennessee.

NASHVILLE, November 3.—Hiram Patterson, Radical, was elected State Senator from Summer and Smith counties, over Bailie Peyton, Conservative, by over one hundred majority. Wright, Radical, was elected Representative from Summer county, over Bonham, Conservative, by forty-five majority. Clements, Radical, formerly member of Congress, was elected floating Representative, from Summer, Smith and Macon counties, over Cadwell, Conservative.

Applications for a Writ of Habeas Corpus—City Remarkably Quiet—Fresh Complications—Gen. Grant Again in the City.

BALTIMORE, November 4.—The counsel for Governor Swann's newly appointed Commissioners have made application to Judge Bartal of the Court of Appeals for a writ of habeas corpus, to bring before him the parties now held in custody by the Warden of the City Jail, under the order of Judge Bond, of the Criminal Court, and up to the present writing the writ has not been served on the Warden of the Jail, and as this is Sunday, it cannot now be served until to-morrow morning. As it is a subject of much discussion when the writ will be returnable, it may be well here to quote the law of Maryland on the subject of the Habeas Corpus:

Section 4 of act 43, says that the officer having the party serving out the writ shall, within three days after such service, make return of the writs and cause the person detained to be brought before the Court or Judge according to the command of the writ.

If this discretionary power of the Warden to return the writ within three days should be availed of, it is supposed the parties may not get a hearing before Tuesday or Wednesday morning. It is not known what course the Warden of the Jail will take. If the parties should be brought before Judge Bartol to-morrow, it is presumed the whole question, and the numerous points of law involved, will be discussed by the counsel on either side.

CRIMINAL COURT OF BALTIMORE, *September Term, State of Maryland—the Sheriff of Baltimore City greeting:* We command that you take the bodies of Wm. Thomas Valiant and James Young and take them immediately before the Court here to answer the charge of having unlawfully conspired together, and with unknown persons, by force and arms and with a strong hand, to expel, remove and put out Samuel Hindes and Nicholas Wood, Police Commissioners of the city of Baltimore, from the office belonging to, and the property now occupied by them as such Police Commissioners.

Witness the Hon. Hugh L. Bond, Judge of our said Court. Issued the 3d day of November, 1866.

JOHN B. ASKEW,
Clerk of the Criminal Court of Baltimore.

The proceedings against the Sheriff were initiated by the States Attorney, bringing to the notice of the Court the action of Sheriff Thompson in organizing a posse in the Sheriff's office in the second story of the Court House, whereupon Judge Bond sent for the Sheriff and warned him to desist, or he would have him arrested for disturbing the peace by unlawful assembly. The Sheriff, not heeding the warning, was quietly arrested and brought before the Court on this warrant.

CRIMINAL COURT OF BALTIMORE, SEPTEMBER TERM, 1866, STATE OF MARYLAND—*To Coroner Sparklin, of Baltimore, City, Greeting:*—We command you, that you take the body of Wm. Thompson and have him immediately before the court house to answer the charge of being engaged in an unlawful assembly and riot, together with unknown persons to the number of one hundred or more.

Witness the Hon. Hugh L. Bond, Judge of the said Court, and issued the Third day of November, 1866.

JOHN B. ASKEW,
Clerk of the Criminal Court of Baltimore

The city continues remarkably quiet, and, with the exception of small gatherings of people quietly discussing the situation and the numerous rumors that are in circulation, there is nothing noticeable out of the ordinary course of events. It is rumored, and probably correct, that Governor Swann proceeded to Washington this morning.

LATER.

BALTIMORE, November 4.—The writ of habeas corpus has not yet been served at the jail, but will be to-morrow morning. It is made returnable immediately, and the friends of the newly appointed Commissioners claim that the Warden will have to make his return immediately.

It is currently reported that there will be a new set of Judges of Elections announced to-morrow morning, as appointed by the new Commissioners.

The registers of voters, it is also reported, have determined to return their lists only to the Judges who shall be appointed by Governor Swann's Commissioners. If this be so there will be fresh complications. There is no doubt that the Police Board will arrest all persons assuming any capacity by authority of the newly appointed Commissioners.

BALTIMORE, Nov. 4.—General Grant has arrived and the police Commissioners with their counsel are now holding an interview with him.

Case of Jeff. Davis—Parole Extended.

FORTRESS MONROE, Nov. 3.—The parole granted Jeff. Davis some months ago, giving him the privilege of the ground of the Fortress during the day has been extended, through Executive clemency, in removing all surveillance on him and the guards from his rooms on Carroll hall at night. Instructions to this effect have been sent from Washington to General Burton, commandant of the Fort, thus relieving his imprisonment of anything like severity, and paving the way, as it is generally presumed, for final parole and release. All the guards over him, both during the day and night, being removed, he now enjoys every possible means of comfort and pleasure, while held a prisoner in the Fort. It is said that he has expressed great gratification at the unction of the Government, and already contemplates the vacating of Carroll hall, and taking up his residence with Mrs. Davis, in the apartments assigned her, shortly after her arrival here.

Judge Underwood's Court.

FORTRESS MONROE, November 2.—The United States District Court, having adjourned yesterday to meet on the first Tuesday in December, Judge Underwood, last evening took his departure for Norfolk, for the North. The general clause of the oath heretofore administered, which requires the person taking said oath, to swear he has not aided or assisted in the rebellion against the United States, was omitted yesterday in swearing the Grand Jury.

FROM WASHINGTON.

Conference on Baltimore Affairs—Brevet Col. Sweeney—False Witness Arrested—Troops Ready for Baltimore—Names of Deceased Union Soldiers.

WASHINGTON, Nov. 4.—The President, General Grant, Gov. Swann, Secretary Stanton, and Attorney General Stanberry, had, it is said, a conference to-day on the subject of affairs in Baltimore.

Brevet Colonel Sweeney is here and has made direct application to be re-instated to his former position as Major in the army, from which he was dismissed in consequence of his connection with the Fenian movements, but with which he now has no affiliation. There seems to be no doubt, from what has recently transpired, that the President will reinstate him.

Sanford Conover, alias Durham, last week arrested in New York, charged with having fraudulently procured from H. Roberts to swear to a false statement as to the matter implicating Jefferson Davis in the assassination of President Lincoln, has been brought to this city and is now in jail awaiting the action of the Grand Jury.

It is generally believed that the troops in Washington, all now under marching orders to proceed to Baltimore, in case their presence there shall be deemed necessary to preserve the peace.

Quartermaster General Meig's has issued another pamphlet, containing the roll of honor or names of victims of the Rebellion buried in the National Cemeteries in Maine, Minnesota, Maryland, Pennsylvania, Rhode Island, Arkansas, Mississippi, Florida, Louisiana and Colorado. The pamphlet contains about 8000 names of the deceased soldiers from the larger number of all the States.

The Pacific Railroad Excursionists—Desperate Fight—English Hunting Party Captured by Indians.

KANSAS CITY, (Mo.,) Nov. 4.—The Union Pacific Railroad excursionists left Leavenworth yesterday for Fort Riley, where they arrived about noon and were hospitably entertained by the officers of the fort. The party received numerous accessions at Leavenworth, Lawrence, Topeka and other places along the route, including Hon. J. M. Parrott, Generals Myers, Porter, Morgan, Governor Crawford, and other State officers. Ex-Governor Shannon and many prominent and influential citizens of the State, from the Fort Riley party proceeded to Junction City, the present terminus of the road.

After spending a pleasant hour they returned to Lawrence, where they were received by the city authorities and handsomely entertained. They left Lawrence at 2 P. M. and arrived at Kansas City at 4 P. M., and were received by the city authorities and a delegation of citizens, escorted to the hotels and partook of a sumptuous supper at Frank's Hall to-night. The party leave for St. Louis to-morrow morning, after a most delightful trip through a section of the most delightful agricultural country in the world.

Mr. Biddle and a portion of the Philadelphia party and other excursionists leave Fort Riley to-morrow for Fort Ellsworth, eighty-five miles west of Fort Riley, where they will join in a buffalo hunt. About four thousand Cheyennes are in the vicinity of Fort Ellsworth, and a peace council will be held with them this week.

A fight recently occurred in the neighborhood of Baxter Springs, Southern Kansas, between a party of Surveyors, under Colonel Phillips and Colonel Gloss and a number of desperadoes, in which Colonel Gloss was killed and Phillips was mortally wounded. Gloss was the Democratic candidate for State Auditor. Phillips was formerly well-known as a correspondent of the New York *Tribune.*

An English hunting party on the plains is reported to have been captured by the Indians.

The Union Pacific Railway is graded sixty miles beyond Fort Riley, and the company has iron for one hundred and twenty miles more road. The extension of two hundred and fifty miles west of Fort Riley, will be completed a year from now.

Horrible Double Murder at Coldwater, Michigan—The Murderer Arrested.

TOLEDO, O., November 4.—A horrible double murder was committed at Coldwater, Michigan, last night. Mrs. Ebenezer Leach and George O. Brown, a young lawyer, were shot dead while walking together in the street. The murderer is the husband of Mrs Leach, and has been arrested. Jealousy is supposed to be the cause.

A. H. Stephen's Contradicts a Rumor.

MILLEDGEVILLE, GA., Nov. 4.—Hon. A. H. Stephens in a private letter to a gentleman of this city, incidentally alluded to a statement published in a northern journal regarding himself and his brother, in the matter of the constitutional amendment, and characterizes as utterly without foundation. He thinks the Legislature should reject the amendment.

CITY AND SUBURBAN.

West Virginia Oil Matters.

The oil business in West Virginia has of late received a new impetus and the excitement about "territory" is fast running up to the point it attained several years ago. Several new strikes have been made on Standing Stone Creek, Oil Rock, and Burning Springs. The daily yield of wells in the circle embraced by these points will average four thousand barrels. We do not see what is to prevent Parkersburg from being, ere long, one of the great centers of the oil trade of America, as certainly the rich fields surrounding it upon all sides will supply enough oil to keep thousands of refineries in successful operation for centuries to come. The citizens down there, however, partake somewhat of the Virginia characteristics, and will make no bold step to secure their own commercial advancement till some shrewd and enterprising Yankees break the ice and pioneer the way they should now be marching.

Important Telegraph Suit.

An interesting case was tried in the Lancaster Common Pleas, last week, involving the liability of a telegraph company in failing promptly to transmit a telegraphic dispatch from that city to New York, for the purchase of stock. It appears that M. G. Wenger, a stock broker, telegraphed to an agent in New York for the purchase of certain stocks, and by failure in its prompt and correct delivery he sustained a loss of $462,50. Judge Hays charged the jury that the defendant (the United States Telegraph Company) was a "common carrier," and, as such, responsible for losses sustained by its customers occasioned by its own neglect. The jury found a verdict against the telegraph company of $486,50 and costs.

Charged With Stealing a Plow.—Zacharay Tyson appeared before Justice Piper, on Saturday, and made oath against Samuel Adams for the larceny of a plow from the premises of the prosecutor in Peebles township, on the night of the 2d of November, 1865. The property alleged to have been stolen was missed on the night named and was first seen in Adams' possession on Friday last, one year from the date of the theft. The accused was arrested and after a hearing was committed to the county jail to await trial at the next term of the criminal court.

Exempt from Tax.—By the new excise law, the tax that threatened to destroy the business of dress makers and milliners is now repealed, and from the first day of August last, all milliners and dress makers are exempt from the payment of any tax on the manufacturing of articles or upon the materials made up by them. The law, as it stands, distinctly states that all "articles of dress made or trimmed by milliners or dress makers, for the wear of women and children, shall also be exempt."

His Name.—The name of the man mentioned elsewhere, as having been severely injured near Homewood Station, on the Pittsburgh, Fort Wayne and Chicago Railroad, is Albert Kuer. He was employed as brakesman on the Pittsburgh and Erie Express. He was removed to the residence of A. W. Browning, in the village of New Brighton, where his injuries were properly attended to. His physician dispairs of his recovery.

A Wanton Act.—Between one o'clock and daylight on Saturday morning, some unknown scoundrels wantonly and maliciously threw two boulders through the mamoth plate glass window of the Opera House Dining Saloon on Fifth street. Each pane is so shattered as to make the purchase of new ones indispensable. Mr. Wormsly, the proprietor, will lose by this outrage fully eight hundred dollars.

False Pretence.—Mrs. Eliza Hill, the proprietoress of a boarding house for "colored folks," came to the office of Alderman Strain on Saturday and instituted legal proceedings against a meek descendant of Ham, named John Ross, for obtaining board under false pretence. A warrant was issued and John arrested. He gave bail for a hearing this evening at four o'clock.

Assault and Battery.—Patrick Magrath appeared before Alderman Taylor, on Saturday, and made an information against Simon Bollman for assault and battery. The prosecutor alleges that Bollman struck him in the face without just cause or provocation, cutting his cheek and doing him other bodily injury. A warrant was issued for the arrest of the accused.

A Poetical "Cuss."—A poet has undertaken to immortalize a recent flat boat calamity on Oil Creek. The following melancholy stanza tells the whole story:

> She heaved and sot, and sot and heaved,
> And high her rudder flung;
> And every time she heaved and sot
> A worser leak she sprung.

An Editor's work and Play.—The retiring editor of the Circleville (O.) *Union* says that during thirty-four years [illegible] service he wrote eight thousand [illegible] and all for his victuals and clothes.

The attention of our readers is called to an advertisement in to-day's paper, of a wholesale and retail grocery for sale. See advertisement.

A Daring Robbery in Open Daylight—Five Hundred Dollars' Worth Taken.

One of the coolest and bold robberies we have been able to report for some time, was perpetrated one day last week at the house of Mrs. Crawford, near the City Poor Farm, in Mifflin township. The lady mentioned is the proprietoress of a boarding house, where the workmen employed in Dickson's brick-yard are accommodated. A few weeks since two men named Jack Leonard and Michael Murphy, the former hailing from Baltimore and the later from New York, obtained work in the brick-yard and took up their lodgings at Mrs. Crawford's. They showed no disposition to work very hard, and were often found lurking about the grounds talking together, while their employer's interests were being sacrificed through their lack of industry. Mr. Dickson finally dispensed with their services on Thursday last and they undoubtedly started for this city. After being gone several hours they were seen to return to Mrs. Crawfords house and entered by a back way. A few minutes had scarce elapsed before they came out the same way they entered with a bundle of clothing under each arm, and started at a rapid walk down along the bank of the Monongahela river. Mrs. Crawford in going up stairs after their departure found everything in disorder. The bureau drawers had been hurriedly ransacked and the contents strewn over the floor, while some valuable articles of wearing apparel were missing. A close investigation subsequently made, showed that the house had been robbed of everything that could by any possibility be carried off, every boarder in the house suffering to a greater or less degree.—One young man named Isaac Montague lost one hundred and sixteen dollars in greenbacks, and a gold watch and chain valued at $110. Another man named Morris was robbed of $101 in cash and a considerable quantity of clothing, in fact, Mr. Morris' entire Sunday wardrobe was taken. Richard Dunn, another boarder, lost a few trifling articles, which doubtless swelled the booty of the thieves. Chief of Police Hague was apprised of the robbery the following day, but up to the present writing, the audacious scoundrels are still at large.

There seems to be very little doubt that the robbery was committed by Leonard and Murphy, who, since we came into possession of the facts as narrated above, we have learned are well known as expert thieves to the police of the East, where they have doubtless gone with their spoils.

That Hog Case Again.

Our readers will remember the report that appeared in our columns a short time since of a case in which a Mrs. Nancy Wright sued James Melvin for the recovery of a hog which she alleged to be her legal property, and which Melvin had feloniously taken from her premises. As a defence Melvin set up that he could not have been guilty of theft, as the hog belonged to him and that the prosecutrix had no valid claim on the animal whatever. The case came first up before Alderman Strain, who dismissed the case, believing that Melvin had fully substantiated his claim. Mrs. Wright next brought the matter for adjudication before Alderman Morrow, who gave judgment in favor of the feminine claimant.

Determined not to be outdone, Melvin sued Mrs. Wright for trespass and damages before Alderman Butler, and the hearing came off on Saturday afternoon, Mrs. Wright, on the former hearings, had stated that she got the hog from a man named George Duke, but Melvin supœnaed him on Saturday, and strange to say he declared he had never given the hog in question to Mrs. Wright, but he had given her another porker which he could recognize by a scar on the under jaw. The magistrate has not yet given his decision, but the probability is that Melvin will get the hog. We trust the matter will be disposed of finally now, so that the unsuspecting cause of so much litigation will not be brought in reach of the contaminating influence of the law.

Disease Outgeneraled.

Few physicians so thoroughly understand the anatomy of man to guarantee a cure for any and every disease which is written down in the volume of human infirmities. But there are cases of talented gentlemen, who, having made special war against disease, and having had abundant practice, from which they derived invaluable knowledge and wonderful skill, can cure permanently nine cases out of every ten which come under their treatment. Of this truth we were thoroughly convinced by a visit to the rooms of Dr. Aborn, the celebrated author and medical doctor, who is briefly sojourning in our city at the Merchants' Hotel. We found numberless patients, many of whom had come great distances to place themselves under his care, as his fame as an eye and ear doctor had preceded him here. The cases were taken in rotation, and we found many of them expressing great relief even after the briefest operation. One gentleman, who informed us that he had been deaf for twenty-six years, declared that in five minutes Dr. Aborn cured him and had fully restored his hearing. Of course all the cases are not so successfully dealt with, but there happen few exceptions. The gentleman treats all manner of disease, and we have the utmost confidence in his ability to cure where he promises to do so, as he is frank enough to inform his patients whether or not it would be advisable to go under his treatment.

An International Strife.

Michael Frail, notwithstanding his name, is of large stature and muscular build, and resides in that locality which has gained quite an unenviable reputation of late, and bears the euphonious title of "Hardscrabble." Adjoining Michael's residence stands the abode of Titus Drake, a fellow with a round, rubicon, good-natured face, and a profound respect for the foggy isle of Briton. On Saturday Drake imbibed rather too strongly of certain intoxicating liquors, and elated with the stimulants, he became boisterous in his laudations of "hold Hingland," the land of roast beef and arrogance. His opinions openly expressed did not exactly suit the ear of the celtic Michael, and he informed Drake in an insulting manner that he (Drake) was a goose. A quarrel immediately ensued between the Irishman and Englishman, which resulted in the latter receiving a severe whipping. The wife of the defeated one, immediately after the cessation of hostilities, repaired to the office of Alderman Humbert, and made an information against Michael for assault and battery. The accused has not yet been arrested, although a warrant has been issued for his apprehension.

Caught and Committed.

An insolent youth named Albert Dagour partook of the hospitalities of Mrs. Margaret Scanlen, for a period of one month, for which he promised to pay her the sum of twenty dollars, alleging he had money loaned to a friend who he expected to liquidate the debt every day. Margaret finally discovered that Dagour had misrepresented things, and that in fact he was endeavoring to swindle her out of her board bill, and she thereupon repaired to the office of Alderman Strain, and made oath against the delinquent for obtaining boarding under false pretenses. A warrant was issued for Alberts arrest, but he becoming apprised of the steps taken against him, adroitly eluded the police. For three months he managed to escape the vigilence of the minions of the outraged law, but on Saturday he indiscreetly made his appearance on the street, and was arrested by officer Wilmot, and brought before Alderman Strain, who after a partial hearing committed him to jail for a hearing to-day, in default of the requisite $300 bail.

Inhuman Mother.—Mary Murray appeared before Justice Lippert, on Saturday, and made oath, charging her sister, Mrs. Elizabeth Snyder, with cruelly beating and abusing her own child, a little girl of seven years old. The deponent states that her sister is in the habit of taking the child by the arm, on the most trivial pretext, and beating her until she would sink down from pure exhaustion, often being unable to leave bed for several days after receiving a flagellation. The inhuman mother was arrested and made to enter bail for a hearing on Tuesday next.

Picture Frames.—We made a brief visit to the Looking Glass and Picture Frame establishment of J. Lyons, 110 Wood street. We knew before that Mr. Lyons was among our most extensive and successful manufacturers in his line, but we could not before certify as we now do that we have not elsewhere seen specimens of portrait frames of so elegant design and finish as a pair now on their counter. We advise connoisseurs to examine these and other beautiful samples of artistic design and perfect gilding at 110 Wood street.

Manufacturing Journal.—The Weekly Mining and Manufacturing Journal, heretofore published by Mr. J. A. Blake, at No. 24 Fifth street, in folio form, has recently been materially enlarged, and is now a handsome eight page quarto. Mr. Blake has been indefatigable, and quite successful in making his paper a useful organ of mining and manufacturing specialties, and is now likely to reap a deserved reward of his hopeful and persevering efforts. His journal is a useful and reliable hebdomidal.

See to Your Hall Doors.—About nine o'clock on Thursday evening some adroit villains entered the hall of the residence of Mr. Richard S. Waring, on Union avenue, Allegheny, and purloined three overcoats and two or three hats. Mr. King, of the *Gazette*, who was spending an hour at Mr. Waring's, retired minus his overcoat and hat. The rascals seem determined to keep warm in the usual way until the devil supercedes for them, the use of overcoats.

Heavy Penalty.—John Gates was arraigned before the Court of Quarter Sessions, on Saturday, on three charges of selling liquor without license. He plead guilty in each case, and was sentenced to pay a fine aggregating one hundred and [illegible] and costs of prosecution, which [illegible] seventy more, making [illegible] sixty dollars. Rather heavy [illegible]

Landmark Gone.—John Jungling, aged ninety-six years, died at Lancaster last week. His last vote was for Gov. Geary.

A Great Nuisance Abated.

Thanks to the indomitable energy of His Honor, Mayor McCarthy, the city has been relieved of the perambulating street walkers, who plied their loathsome calling by accosting respectable citizens upon our main thoroughfares after nightfall. He is deserving of the praise of the entire community for so summarily dealing with this imported stock who thought they could, with impunity, turn our moral city into as dark a hole of iniquity as Philadelphia or New York. The roughs—those fellows who know not what virture is, and are strangers to shame—openly condemn the Mayor for the course he has taken, but this makes no difference, as words are cheap, and their weight in forming public opinion amounts simply to nothing. If His Honor sustains any pecuniary loss from the suit which has been brought to test his authority for arresting and incarcerating those vile jades of iniquity, we feel that it will be the duty of the moral portion of the community to make it good to him. In the meanwhile we trust the Mayor will continue in his energetic efforts to free at least the streets of the prostitutes who patrol them.

Washington and Jefferson College.

An interesting impromptu meeting of members of the bar and bench, alumni of Washington and Jefferson Colleges was held on Saturday morning in the District Court House.

The occasion of the meeting was a visit to the Court House by Rev. Dr. Edwards, of Washington and Jefferson College.

Judge Hampton presided, and introduced the alumni present to Dr. Edwards, who delivered a short address on the "Condition, Influence and Prospects of the United College."

Before the meeting adjourned, a committee of five was appointed to consult with the alumni in other professions and pursuits in the city, in regard to holding a meeting of the alumni and friends of the College in this vicinity, for the purpose of eliciting more fully the views of Dr. Edwards', renewing acquaintance, and consulting on the interests of the Institution.

We have since learned that a meeting of the committee has been held, and that Thursday evening of this week has been designated for the meeting. The time and place will doubtless be formally announced.

The Guillotine at Work.—The guillotine continues to work effectually. Messrs. A. J. Burbank, Leander Robinson, T. J. Richardson, and R. B. Young, United States Inspectors and Guagers of the 22d District, received a notice of their removal from office on the first inst. The gentlemen above named were competent and trusty officers, but were not "My Bread and Butter Policy Men," hence their removal. Their successors are professedly copper-Johnson men, and for their fidelity to "My Policy" have been rewarded the "out stick." But who knows but that Congress, on reassembling, may not reverse the present order of things and "stick out" such men.

Surety of the Peace.—Margaret Teeters came to the office of Justice Lippert on Saturday and made oath against Elizabeth Hullins for surety of the peace. Elizabeth was arrested and made to enter bail for a hearing to-day. The parties both reside in Pitt township.

MARRIED.

PATTERSON—CORNINGS—On Thursday morning, Oct. 25th, at the residence of the bride's parents, Wes. Lebanon N. H., by the Rev. J. H. Edwards, RODY PATTERSON, JR., and Miss MATTIE M. CORNINGS.

DIED:

MILLER.—At Cincinnati, on Saturday morning, November 3d, ROBERT THOMPSON MILLER.

Funeral service will take place at the residence of his mother, No. 20 Hand street, on TUESDAY MORNING, at 10 o'clock.

THE EDUCATION OF THE PEOPLE.

Two educational topics, which received brief mention in our columns on Saturday, deserve a fuller consideration than we were then able to bestow upon them—the movement in the Plenary Council of the Catholic Church, recently held in Baltimore, looking to the education of the Freedmen, and the movement in this city touching the more liberal and permanent endowment of the Western University.

The Catholic Church rests on a purely theocratic basis. It is a government by priests, in the name of GOD. Deriving its chief tendencies from Italy, it excels in organization; and herein is the secret of its marvellous power. Rising out of the decay of the Roman Empire, it inherited and has held good in many particulars, the genius of that great monarchy. Its system of education comports with its own intrinsic character. Being a theocracy, priests are its ripest products. Hence, vast sums of money and incalculable pains are devoted to the erection and maintenance of Schools for the special training of men destined to the clerical orders. The means are wisely adapted to the end in view, and the desired result follows with unerring certainty. Such Education as the Church accords to the masses is necessarily subordinate, and is so conducted as to be subsidiary to the main end. In this the Church is true to herself, and to her mission. She is in favor of Education, but only of such systems of Education as comport with her essential nature and development.

And this explains the futility of those common arguments designed to show that the Catholic Church is unfriendly to solid learning. Indeed it is difficult to see how, but for the Church, the learning and literature of early times could have survived the storms and tempests of the Middle Ages, and been handed down to modern generations. The Church was the ark in which this precious deposit was safely kept. To the Dominicans, more than to any other order of men, are thanks due for the preservation and diffusion of knowledge. But for them even the seed-corn itself might have rotted. They reason superficially, and against the whole drift of facts, who contend that Protestantism caused the revival of learning. It was the quickening of learning, through the fostering exertions of the Church, that produced the Reformation. Rome was the centre of the new impulse towards scientific and literary culture, and it was only when the spirit of inquiry took such a turn as to menace the authority of the Church in matters of Faith, that her hostility was aroused.

In addressing herself to the task of educating the freedmen, the Church is not impelled by low motives, nor will she depart from her established methods. She enters upon the task now, because the door is open. Existing for all ages and countries, she is eminently conservative. Accepting all governments, and working as best she may under them, without compromising her distinctive principles, she necessarily contracts some portions of all impurities—just as the ocean, receiving rivers from all the continents, takes whatever the streams bring down, but remains ever—the ocean. Whatever education she gives the freedmen will be in unison with the central idea of theocracy. No objection is of any weight which strikes at the details of this method. The Church in this matter is consistent with the central idea upon which it is organized, and such objections only are relevant as relate to that idea.

The Protestants, who constitute the bulk of the American people, think they have a better idea of Education. Here is not only a field, but a pressing occasion, for [illegible] exhibition of it. Four millions of peo[illegible] pressed for ages; from whose minds [illegible]ht of knowledge has been excluded [illegible] operation of social usages and posi[illegible] against whose access to the [illegible] intelligence, all churches and [illegible]ties have stood as impassa[illegible] [illegible]rteen States of the Union; by [illegible] God and the Will of the Nati[illegible]ave been raised from the abjectness of chattels personal into the condition of Freedmen. Henceforth, in the purview of law—they are human beings—citizens. Slowly, but certainly, they will attain all the rights and privileges of citizenship. It may be, that as their Liberty came suddenly, so also will their full enfranchisement come when their enemies look not for it.

We live under a democracy, which is a government by the people, for their own name, and for their own equal benefit. A democratic system of education, therefore, implies the instruction of each, for his or her own advantage, and at the expense of all—the good of the community consisting of the highest welfare of the individuals composing it. Under such a system each has a right to the best education for which he has capacities and aptitudes, and independently of all considerations of his wealth or poverty. Of course, this is too broad a subject to enter upon here. Let it suffice to remark that only so far as relates to the rudiments has this idea of the Democratic Education of the People been accepted and acted upon among us. The idea is lively and vigorous, and will eventually make its way against all obstacles.

Meanwhile, in the higher departments of learning much is left to the liberality of individuals. Wealth has its burdens and responsibilities—or, rather, it has its usefulnesses and gratifications. Among these there is none higher and sweeter than laying those foundations which are destined to survive to future ages, flowering out in tropical beauty, and bearing fruit to the end of time. The Western University stretches out its hands for help. Who among the solid men of Pittsburgh has the generous ambition to enroll their names among the benefactors of their race?

MR. JOS. CHESTER, an American living in London, has been looking up Washington's lineage, and proves, to his own satisfaction at least, that the received genealogy is incorrect. He says:

"In the year 1657, two brothers, John and Lawrence Washington, left for the Virginia colony. The genealogy from these brothers down, is, of course, easily traced with entire accuracy. John was the immediate ancestor of George Washington, being his grandfather. Although the two Washingtons were men of some [illegible] have hitherto been confounded [illegible] written of the Washing[illegible] from Sir Isaac Heard to [illegible]ving, with two other men of the same name, but only distantly related to them.

THE Delaware *Republican* has this:

"The next Senator from Pennsylvania should possess uncommon ability—he should be whole-hearted, progressive, far-seeing, and radical—he should be a statesman. Nothing less will meet the exigencies of the day. Is Governor Curtin such a man?"

AT Chicago about twenty-five thousand voters have been entered on the registry list. This is about three thousand less than the vote in 1864. The vote will be considerably less in Chicago than at the Presidential election.

STATE NEWS.

LAWRENCE RAILROAD.—Work on this road, which is intended to make a continuous line from Pittsburgh to Cleveland, via the New Castle and Beaver Valley road, is progressing rapidly. There is now only about six miles of the gap between these two points to fill up, and of this distance a considerable portion is graded, and it is within reasonable expectation to complete it entire by the first of January next. The company have leased about two miles of the Mahoning Valley road, extending from Youngstown eastward from the Atlantic and Great Western company, and will thus save that amount of construction at this time. Part of the Mahoning Valley which is traversed by this line, is as yet undeveloped, but abounds in minerals. On nearly every farm are iron ore, coal, limestone, fire clay and water lime.

The Mahoning Valley Coal Company, at Seymours, have opened their mines and commenced shipping their coal, and will soon be ready to ship one hundred tons per day. They are opening ore banks, some most valuable of all in the valley. The Lowell Furnace, owned by William McCreery & Co., is now ready to ship to and from the furnace forty to fifty tons per day, and when the line is open to Youngstown, we doubt not the shipments of gross freights, pig iron, etc., will exceed five hundred tons per diem. The Lowell limestone, on which the Youngstown furnaces depend, last year amounted to thirty thousand tons per annum.

The opening of this road will afford to Pittsburgh, New Castle, Youngstown and Cleveland advantages that can scarcely be surpassed—it will be the shortest route between the two cities, and the whole distance can be traveled without a change of cars.—*Lawrence Journal.*

SAD ACCIDENT.—On Sunday morning last our citizens were startled to learn that Mr. Samuel H. Lucas, of this place, had been drowned on Saturday night in the Allegheny river, opposite the Hoover farm. Search was at once made, and the body was recovered about nine o'clock Sunday morning. Mr. Lucas was engaged in boring an oil well on the Hoover farm, which had just been completed and was about to be tested, and he went down the river for the purpose of paying the men engaged at the well. After attending to this business, he crossed over the river and got aboard a small steamboat lying there, intending to return to Franklin. The machinery of the boat, however, was out of order and it would not go, and while the workmen were engaged in repairing it, Mr. Lucas is supposed to have stepped on deck, missed his foothold and fell into the river.—*Ib.*

ANOTHER ACCIDENT.—On Monday evening, about 8½ o'clock, Messrs. G. E. and Joel Ridgway, were engaged in repairing the refrigerator at the refinery of G. E. Ridgway & Co., using benzine to wash it out. One of the gentlemen brought a lamp into the room to examine the work, when the gas arising from the benzine exploded, burning both gentlemen severely about the hands and face.—*Franklin Citizen.*

ACCIDENT.—On Monday night last a wheel of the local freight train going west broke in the neighborhood of Bell's Mills, and James Manealis, a brakeman, was almost instantly killed. Deceased resided in Altoona, and leaves a wife and three small children.—*Hollidaysburg Whig.*

ATTEMPTED BURGLARY.—On the night of the 24th ult., some villainous persons tried to enter Mr. Isaac Leobman's store by boring off the lock, but owing to the appearance of Mr. Kaufman upon the scene, they gave up the undertaking and made themselves scarce suddenly. This is the third or fourth time, lately, that efforts have been made to enter the dwellings and places of business of our people.—*Brookville Republican.*

SKATING PARK.—We are glad to announce that some of our citizens have enterprise enough left to undertake the establishment of this long talked of appendage to our town.—*Ib.*

The Law of the Presidential Succession.

The talk of the impeachment of the Vice President, acting as President of the United States, starts the question: Who would succeed Mr. Johnson, if he were removed by death or impeachment?

We answer in this form letters of inquiry on this subject:

The Constitution of the United States says that Congress may, by law, provide for the removal by death, resignation or inability of the President and Vice President, declaring what officer shall then act accordingly until the disability be removed or a President elected.

March 1, 1792, Congress passed an act to provide for every case of a vacancy both of the offices of the President and Vice President. In Story's Commentaries there is a suggestion of the possible unconstitutionality of the act, but there seems to be little doubt that it will stand the test.

As is generally known, the law provides that the President *pro tempore* of the Senate shall succeed the Vice President, and if there is no President of the Senate, the Speaker of the House shall act as President.

In the present case, the Hon. Lafayette S. Foster, of Connecticut, is President *pro tempore* of the Senate, and would succeed Andrew Johnson in case of his death. If Johnson and Foster were both dead or disabled, the Hon. Schuyler Colfax would act as President.

But it happens that on the 4th of March next the term of the Hon. Lafayette S. Foster in the Senate expires, so that it will be necessary for the Senate, this winter, to elect a President *pro tempore*. The term for which Mr. Colfax is elected Speaker also expires with the Thirty-ninth Congress, on the 4th of March.

It has been customary when the Senate reorganizes for the Vice President to absent himself temporarily, that there may be an election of a President *pro tempore* of that body. On the 7th of March, 1865, the Clerk of the Senate, Colonel J. W. Forney, called the Senate to order, announced by authority the absence of Andrew Johnson, the Vice President; and the Hon. Lafayette S. Foster was elected President *pro tempore*.

If it should happen that the Senate neglected to elect a President *pro tempore*, until the 4th of March, when Mr. Foster's term expires, that body would be without a presiding officer, and Mr. Colfax's term having also expired, the process of securing a successor to Andrew Johnson, if he should die or be disabled at that juncture, would become a very delicate one.

But we presume the Senate will provide against the possibility of such a chance for disorder, by the resignation of Mr. Foster some days before the expiration of his term, when some Senator will be elected President *pro tempore* whose present term of service, whether re-elected or not, will not expire on the 4th of March. This will secure the continuity.

The question is, however, how long would the President *pro tempore* act as President if the Vice President, now acting as President, should die or be removed. The law is [Sections 10 of the Act of March 1, 1792, volume 1, United States Statutes at large, page 240]:

"And be it further enacted, that whenever the offices of President and Vice President shall both become vacant, the Secretary of State shall forthwith cause a notification thereof to be made to the Executive of every State, and shall also cause the same to be published in at least one of the newspapers published in each State, specifying that the electors of the President of the United States shall be appointed or chosen in the several States, *within thirty-four days preceding the first Wednesday in December then next ensuing;* provided there shall be the space of two months between the date of such notifications and the said first Wednesday in December; but if there shall not be the space of two months between the date of such notification and the first Wednesday in December, and if the term for which the President and Vice President last in office were elected shall not expire on the third day of March next ensuing, then the Secretary of State shall specify in the notifications, that the electors shall be appointed or chosen within thirty-four days preceding the first Wednesday in December in the year next ensuing, within which time the electors shall accordingly be appointed or chosen; and the electors shall meet and give their votes on the said first Wednesday in December."

After the meeting of Congress there can not be the thirty-four days that the law provides before the first Wednesday in December, and the impeachment and deposition of the President would require a good deal of time. Therefore, if the President is impeached and removed from office this winter, his successor for the unexpired term would not be elected earlier than in December, 1867. And if Senator Wade, who has two years of his present term to serve after the 4th of March next, should be elected to succeed Foster as President *pro tempore*, and the President should be impeached and removed, or die, Wade would serve as President until the first Wednesday in December, 1867.

Congress is, however, competent to change the law of 1792, and provide for a more speedy means of filling a vacancy in the Presidential office, but it is not probable any change will be made, for it is unlikely Senators would object to having one of their number, selected by themselves, fill the Presidential office for nearly a year, as would be the case if the law were unchanged and Mr. Johnson should be deposed early in the coming session.

GENERAL NEWS.

—The ancients had a legion of a cabin, which stood upon the brow of a mountain facing toward the North and South countries of Europe. The rain-drops which fell upon its eaves, parted company there, and flowed in different ways—some to trickle down to the vineyards of the warm Etruscan valley, and moisten the succulent clusters of the grape; some to struggle under knotted pines and over jagged boulders, until they congealed in the cold glaciers or the pendant icicles of the Tyrolese chasms.

—Sheriff Rankins, of Licking county, on Saturday arrested, at his home, near Montgomery Station, the man Burnet, who, some two weeks since, placed obstructions on the P., C. & C. Railroad at or near the station named, and threw the train from the track. Some of his horses had been killed by the cars a few days before, and, out of revenge, he placed telegraph poles across the track. He was committed to the Licking county jail, at Newark, to await examination on Thursday.

—The Columbus (Ga) *Sun* is informed that one thousand and eight tons of T rail, to extend the Girard road below Union Springs, are on the way from New York to Savannah. The iron will be sufficient to extend the road twelve or thirteen miles. More iron is expected, and the probability is that the road will be completed twenty miles below Union Springs by the last of December. The grading is already completed and cross-ties ready for the reception of iron.

—A Paris letter writer gives a reminiscence of a performance of the opera "Saffo," at the San Carlo, at Naples,—the worst performance that he ever saw. When Saffo, abandoned by Phaon, threw herself over the rock, and took the sensation header, there was quite a shout of delight. "Thank the gods for that!" said a voice in the pit, "she can't sing any more." The Italians are very quaint at theatres.

—A railroad convention will be held in Okolona, Miss., on the 12th of November, to make arrangements for building a railroad from Okolona to Memphis, and thence in the direction of Selma, Ala.

—The cotton crop in the interior of Georgia has been injured by the frosts.

DR. CHAUSSIER'S EMPRESS LA COMPOSITION IMPERATRICE POUR LES CHEVEUX.—It has long been known that the Hair, by mental exertion, by excitement, disease and imperfect circulation, loses its vitality, turns gray and falls off. That eminent French Chemist, DR. CHAUSSIER, has provided a complete antidote, and at the same time a beautiful dressing for the hair, durable and finely perfumed. Remember this is the finest article for the toilet which has ever been presented to the public. IT IS NOT A DYE. It will not soil the finest linen. It will not grease the hair. It is free from the disagreeable smell of sulphur. It relieves the scalp of dandruff and unpleasant irritation. Prevents the hair from falling off, even after fevers, and sets the new hair to grow. THE GRAND SECRET.—The grand secret in medication is to help nature, SUSTAIN and REGULATE—these are the Alpha and Omega of the only theory of cure that has common sense for its basis. If the nervous system is shattered, the muscles weak, and the mind, like the body, in a state of partial collapse—what is best to do? Reason teaches as the answer:

BUILD UP YOUR MAN.

Brace him up as you would brace a tottering edifice. The stimulus he needs is a Tonic Alterative. Bring him up out of the depths of Debility and Despondency

WITH HOSTETTER'S BITTERS.

They cannot injure. A child may take them in doses suited to its years, without the possibility of harm. The enfeebled vital powers are as sure to respond energetically to their action as the wilted grass is to erect its blades under the vivifying and refreshing rain. In all cases of debility the Bitters are absolutely required. There is no substitute or succedaneum that will fill their place. Resort to this most wonderful of modern Tonics

AND ALL WILL BE WELL.

Bear in mind that in Dyspepsia, Intermittent Fevers, Bilious Disorders, and Affections of the Nerves, no other medicine will produce one tithe of the good effect that invariably follows the use of this excellent Invigorator and Corrective. Sold everywhere.—*N. Y. Tribune, Oct. 27, 1866.*

NEW ADVERTISEMENTS.

PURE CALIFORNIA WINES.

GURNER & CO.,

No. 80 Cedar St., New York,

Offer for sale these valuable Wines, which are gaining public favor with astonishing rapidity, and whose unprecedented and unrivalled popularity is not without merit. They have only to be fairly tested to give them the preference over all others. As a purifier of blood they excel all other Wines. The numerous certificates which have voluntarily been tendered from the most eminent physicians, as well as others in every position in life, are proof conclusive that these Wines are useful in all cases for which they are recommended.

The following brands are now offered by us. They comprise all the varieties now grown in the State of California:

WHITE, OR HOCK WINE—A light straw color, very delicate and fine flavored.

CLARET—A superior wine for table use.

ANGELICA—A rich and naturally sweet wine, much admired by ladies, and valuable in the sick chamber, as it makes fine wheys and jellies. It is a fine dessert wine, and well adapted for Communion purposes.

MUSCATEL—A light colored, highly aromatic wine. Very similar to the celebrated Tokay.

PORT—Deep red color, fine flavor, and in many respects similar to the old wines of Lisbon.

GRAPE BRANDY—The pure distillation of our wines.

WINE BITTERS—A very agreeable tonic and a sure remedy for the diarrhea.

This is one of the most valuable combinations of a useful and an agreeable beverage that has ever been offered to the public. Millions of bottles were sold throughout the North during the last four years, and wherever introduced it has proved a welcome visitor to the invalid table, the family circle, and the bachelor's sideboard.

Ladies who have lost strength and appetite, and suffer from nausea, vomiting and vertigo; gentlemen who "don't feel very well" just before breakfast or dinner whose stomachs are out of order and whose system are generally deranged; mothers weaning children and suffering from general debility; children of sickly nature and sour, dyspeptic constitutions; travelers who have occasion to change their water; and all who live in malarious districts and are subject to miasmatic influences, will find it one of the most valuable invigorators that can be taken.

It was used very extensively in 1861, with such general satisfaction that in offering it to the public now we deem it unnecessary to publish any of the many certificates that we have received, testifying in the very strongest terms in its favor. All that we can say is to guarantee that we will pledge ourselves to furnish an article PURE AND UNADULTERATED.

It has been given to little children suffering from weakness and weak lungs with most happy effect. One little girl in particular, with pains in her head, loss of appetite and daily wasting consumption, on whom all medical skill has been exhausted, has been entirely restored. She began with but a teaspoonful a day. Her appetite and strength rapidly increased and she is now well.

C. C. SEELY'S

CHOLERA PREVENTIVE.

FOR REGULATING THE BOWELS, destroying Acidity in the Stomach, creating a healthy action of the Liver, assisting in the secretion of Healthy Bile, giving Regularity to the Bowels, and assisting the System to a Healthy state, the PREVENTIVE is unsurpassed. It has been tried in thousands of instances, and has never been known to fail where the directions were strictly followed.

At this time, when we know not at what moment the fell destroyer may be upon us, nothing should be left undone that can be done to give the system a healthy action, and it is with a view to bring about this great desideratum, which of itself is the strongest bulwark against the attacks of cholera, that this medicine is offered to an intelligent public. Its action in cases of Diarrhea is magical. One bottle of the Preventive serves to check the complaint—two seldom required.

Seely's Cholera Preventive

Is the result of many years study and labor. The object of the proprietor in the first place was to produce a medicine that would assist digestion and relieve him from the terrible sufferings of Dyspepsia. Having attained this great end, he found that the mixture was an admirable regulator, and that in cases of diarrhea its action was wonderful. Incipient Diarrhea was cured by a single bottle, and even chronic cases were compelled to succumb to the powerful efficacy of this medicine.

Having by actual experiment in his own case, and that of his family, satisfied himself of its curative powers, he offers it to the public in full confidence that it will effect all that he claims for it.

Unlike the numberless quack nostrums that are foisted upon a too credulous public, it is not a universal cure-all, but is intended for a remedy, and is only efficacious in cases of Incipient Cholera, Diarrhea, Dyspepsia, or kindred ills, arising for the most part from imperfect digestion.

In full confidence of its restorative powers, it is now offered to the public.

No household should be without a supply of it.

Steamboats, Hotels and Travelers should always have it on hand.

It is easy to take, simple in its nature, and instantaneous in its effects.

Sold by all respectable druggists and country storekeepers. au27:i28M

Singular History of Singular Events and Incidents—Skeleton of a Man Found in a Coal Bank—It is Identified as the Remains of George Orr—How it was Discovered—Speculation on his Singular Disappearance—History of the Family—Minute Particulars—J. Irving Graves Arrested for Forgery—Death of Miss Evans.

GREENSBURG, PA., November 3, 1866.

Romances usually have some foundation for their stories, either in fact or in fancy, and in many instances the facts even with a slight coloring, do not suit the extravagant ideas and morbid desires of the modern reader. Nothing short of downright blood, seduction, desertion or elopement extraordinary, resulting in self destruction, will satisfy the appetite for literary food, even though it requires an imaginative mind to compass the scene. In this case I will give you facts interesting enough in themselves without coloring.

Three years ago, Mr. George Orr, a well to do citizen residing within three miles of the village of Middletown in this county, was enjoying the felicity of a pleasant home, with an affectionate and interesting family—one of whom—the daughter—was the pride of the neighborhood. The war was raging and men were wanted to increase the Union army, the sacrifice seemed to Mr. Orr almost inevitable—one of his sons would certainly have to answer to his country's call, but it was put off from time to time until one of them sickened and died. This gave the old gentleman a heavy blow, but his miseries were not to end here. His only remaining son joined the army much against his father's wishes, and was soon brought home a corpse. In the mean time the daughter had married a man named Isaac Rhodes who also joined the army, but with the same fatality which seemed to have taken hold of the family, he died before he got out of Pittsburgh.

This combination of events was too much for Mr. Orr's philosophy. He became despondent, and finally disappeared, none knew whither. This added another grief to the bereaved and thoroughly awe-striken family, but like all other sensations, it had its nine days, and died out. This occurred about two years ago. Two weeks ago to-night, some young men went out "coon hunting," when the dogs ran a coon into a hole of an old coal drift—Pinkerton's. The mouth of the bank had become nearly filled up, and the boys closed it so as to prevent the coon from getting out, and left it until Sunday morning, when they repaired thither with lights; crept in and during their explorations they found the bones of a human being. The body was lying on its back, disjointed at the knees, had on hat and shoes, but the clothing had rotted away. The bones were put in a rough coffin and buried, but on examination the buttons on the vest, the pipe and handkerchief were identified as those of the missing man, George Orr. The family then had the body exhumed and a funeral sermon preached over it, at Sainer's church and decently buried. It is supposed that the unfortunate man, in a fit of *ennui*, took a dose of laudanum and crawled into the drift, thinking to destroy his life and bury his body and the crime at the same time. The deceased was a brother-in-law to the late Chas. Rohrbacher, Esq., of Middletown, whose widow still lives there.

J. Irving Graves, a peddler of "Patent Straw Cutters," was arrested here last night by officer Levi Cline, on an information made before Esquire R. W. Singer, by Jeremiah Cramer, of Cook township, this county, charging the said Graves with the forgery of three judgment notes, calling for three hundred dollars each. Graves gave bail in the sum of one thousand dollars for his appearance at Court.

Miss Kate Evans, spoken of in my last as having been injured by a threshing machine, died last night of her injuries. She was fourteen years of age.

ANAWAN.

Application Refused.

R. S. Morrison Esq., renewed his application in the Criminal Court, on Saturday, for a reduction in bail in the case of Michael Sullivan, now in jail awaiting trial on a charge of rape. The accused is charged with having outraged the person of Margaret Mitchell, aged fourteen years, whose parents reside near Courtney's Run, on the Pittsburgh, Fort Wayne and Chicago Railway. He was committed by Mayor Morrison, and on application before Court to have the amount of bail fixed, security in the sum of $5,000 was required. Sullivan could not obtain more than three thousand dollars, and consequently remained in jail. This morning Mr. Morrison asked the court to reduce the bail to three thousand dollars, and, in support of his request, submitted the affidavits of four or five persons residing in the vicinity of Courtney's Station, in which the girl Mitchell is given a very bad reputation. As a further evidence of the character of the girl, Mr. Morrison submitted a transcript from the docket of Alderman Donaldson, in which it was set forth that a man named Dugan had been held to bail by him, charged with affiliation by the said Margaret Mitchell. The Court, however, refused to reduce the bail, and the prisoner, until he can secure the amount named will be compelled to remain in jail.

Supreme Court.

The Court met at half-past nine o'clock on Saturday morning, a full bench being present. The following business was got through with:

Curry vs. Bott ex. ux.; Armstrong county. Argued by Baggs and Barclay for plaintiff in error, and Golden contra.

Crawford vs. School Directors of Burrell township, Westmoreland county. Submitted by Foster and Logan for plaintiffs in error, and by Marchand and Turney contra.

Lane et. al. vs. Lane; Westmoreland county. Argued by Foster for plaintiff in error, and by Laird contra.

Rankin vs. Graham et. al.; Westmoreland county. Argued by Laird for plaintiff, and by Foster contra.

H. C. Mackrell, Esq., on motion of A. M. Brown, Esq., was duly admitted and qualified to practice in the Supreme Court.

Lokehart vs. Byerly; Armstrong county. Argued by Barclay for plaintiff in error, and by Golden contra.

Davis' appeal; Cambria county. Argued by Reade for appellant, and by Johnston contra.

Petition Granted.

On Saturday morning the motion for the release on bail, of John Willich, charged with the murder of Martin Murphy, on board the steamer Chieftain, was again called up in the Criminal Court. Mr. Swarzwelder argued in support of the motion, District Attorney Duff appearing on behalf of the Commonwealth. It will be remembered that on Wednesday last several witnesses were examined by the court in regard to the affray, all of whom testified that they had seen Willich strike the deceased, but had seen no weapon in his hand at the time. After the argument this morning, the court decided to release the prisoner on bail, and fixed the amount at five thousand dollars. This sum will doubtless be secured, and the accused discharged from jail, notwithstanding the fact that the evidence against Willich is of the most positive character.

The Temperanceville Homicide—Stein Sentenced.

In the Criminal Court on Saturday morning, before a full bench, Charles B. Stein, convicted of the murder of David Roberts, on the 28th of May last, was sentenced. Before passing sentence Judge Mellon asked defendant's counsel if he had anything to say in his behalf, but a negative reply was given. A similar question was put to Stein, to which he replied that he had only to say that all the witnesses produced against him had testified falsely. The prisoner was then directed to stand up, and Judge Mellon sentenced him to undergo an imprisonment of *twelve* years at hard labor in the Western Penitentiary. After the sentence had been recorded, the prisoner was remanded to jail. He was taken over to the Penitentiary a few hours after receiving his sentence.

Painful Accident.

On Friday evening last, a brakesman on the Pittsburgh, Fort Wayne and Chicago railroad, met with a painful accident. He was standing on the narrow walk or platform running along the side of the baggage car attached to the evening express train, and some way lost his balance, and was precipitated to the ground, striking his head against a projecting stone with such force as to crush his nose. The train was running at the rate of thirty miles an hour, and the only wonder is that he was not killed instantly. The train was immediately stopped, the wounded man taken aboard, and brought to his residence in this city, where he received proper medical treatment, and will probably speedily recover from the effects of the fearful leap.

Among the Number.—We referred a few weeks ago to the fact that a Pittsburgh local editor, who stands high in the profession, had suddenly realized that he was an heir to part of the vast estate known as Trinity church property, in New York. We are now pleased in being able to assert that his claims have been fully recognized, and that, even to compromise the matter, he will receive a fabulous sum of money. The entire estate is valued at *only* two hundred millions of dollars, and our friend stands a fair show of receiving enough to enable him to give up the pencil and scissors for a life of luxury and ease. We trust he will remember his poor brothers of the quill when he gets his banking account into operation.

Death of a Kittanning Engineer at Cincinnati.—F. E. Helper, engineer of the steamer Camelia, now at this port, was taken ill with dysentery at Cincinnati last week, and was compelled to leave the boat. Capt. J. L. Lytle received a dispatch that Mr. Helper died on the 30th ult. The family of the deceased reside near Kittanning. The particulars of his death can be ascertained by addressing Capt. J. A. Lytle, steamer Camelia, Pittsburgh.

Charged with Larceny.—Jeremiah Detailles appeared before Alderman Lynch on Saturday and made oath, charging Jane Ascott with the larceny of a number of valuables, including a tea set of china, a heavy silk dress, and other articles, from his residence on Caldwell street, in the Sixth ward. The accused was arrested, but on furnishing bail in the sum of $300, was released. She will have a hearing to-day.

Surety of the Peace.—Hannah Redlick came to the office of Alderman Humbert, on Saturday, and entered suit against Edward F. Ross for surety of the peace. A warrant was issued for the arrest of the accused.

Special Caution.—Mrs. Winslow's Soothing Syrup has become so popular that various parties have put out articles calling them Mrs. Winslow's. Please take notice that the Mrs. Winslow of the Soothing Syrup is not connected with any other article. vil:daw

EARLY TELEGRAMS.

FROM WASHINGTON.

Sherman's Mexican Mission—Loss of the Steamer Andrew Johnson—Appointment of Regular Army Officers—The Maryland Trouble.

NEW YORK, October 3.—A *Herald's* Washington special says: Lieutenant General Sherman will shortly return here, and receive instructions from the President, when he and Minister Campbell are to leave for the Mexican frontier. The General is to make a thorough investigation into the manner in which our military affairs are conducted there. The recent interviews between the General and the President have been in regard to future policy toward Mexico.

Capt. Robt. Haley, who commanded the steamer Andrew Johnson, lately lost at sea has reached Washington. From him we learn the following particulars of the wreck of that vessel: She left New York on the 3d ult., bound for Charleston. At one o'clock on Friday morning she struck Currituck beach. At the time she beached there was a very heavy westerly current, and a strong gale of wind blowing from the east. In an hour after she struck she filled and sunk. All the boats were washed away with the exception of two. The captain and first officer succeeded in landing all the passengers and crew. Tents were erected on the beach, and the passengers were provided with everything necessary to make them comfortable, and as soon as means could be procured the men were sent to Charleston.—The ship was owned by Captain John T. Wright, of New York, and was not insured. The cargo was insured for a small amount.

The *Times'* special says: The following appointments of line officers have been made in the regular army, and the appointees are requested to send their addresses to the Assistant Adjutant General, headquarters armies of the United States, that their letters of appointment may be sent them. In the Seventh Cavalry, Second Lieutenant H. W. Smith, Captain F. M. Benteen, Captain E. F. Winslow, Captain E. A. Whittaker, First Lieutenant F. B. Wier, First Lieutenant Leep Gillen, First Lieutenant T. McLewis, First Lieutenant H. N. Crocker, First Lieutenant R. M. Taylor, First Lieutenant G. W. Griffith, First Lieutenant James Starr, Second Lieutenant Theodore Conkey, Second Lieutenant Charles E. Clay, Second Lieutenant J. M. Bell. In the Ninth United States Infantry, Captain M. H. Reed. In the Eleventh United States Infantry, Captain G. P. Buell. In the Twenty-sixth United States Infantry, Captain William A. Turoop. In the Fifteenth United States Infantry, Capt. J. S. Croxton.

The *World's* Washington special says: The Maryland troubles were again under consideration by the President, General Grant and the Secretary of War to-day. General Grant was afterwards present at the Cabinet meeting. There is undoubtedly a difference of opinion as to the point at which the Federal authorities shall interpose in the difficulty, which dispatches announce as assuming a more serious aspect.

From New Orleans—A Sensation Story—Munitions of War being Removed—Mayor Munroe Charged with Perjury.

NEW YORK, Nov. 3.—The *Tribune* has the following special from New Orleans: We have received information from a gentleman who has until recently held one of the most exalted and respectable offices in the State, that a subscription has been taken up and preparation made to send about one hundred of the most noted thugs and murderers of this city to Washington, with the view of overawing or breaking up the coming session of Congress. This startling intelligence, coming from the source it does, is entitled to the gravest consideration.

General Sheridan is removing the vast stores of munitions of war which have accumulated at the Baton Rouge Arsenal, and two vessels have already been loaded with small arms and are on their way to New York.

Colonel Frisbie has returned to this city, and states that my dispatch in reference to the attempt made to assassinate him at Alexandria is true in every respect, the contradictions of the rebel press to the contrary notwithstanding.

The *Commercial* of to-day accuses Mayor Munroe of peculations and perjury.

Cincinnati Items.

CINCINNATI, November 3.—The City Councils yesterday passed resolutions requesting President Johnson to use his influence to have the sentence of death recently passed upon McMahon and Lynch remitted.

The society of the Army of Tennessee are making active preparations to render the coming meeting in this city on the 14th inst. a complete success. Half-fare arrangements will be made with the leading railroads. Generals Grant and Sherman will be present.

A German named Schwartz committed suicide at Hillsboro, Ohio, yesterday, by shooting himself through the head.

Committed Suicide.

NEW YORK, Nov. 3.—William A. Francis, Treasurer of the Montana Mining and Discovery Company, committed suicide yesterday, at his home in West Nineteenth street, by cutting his throat with a razor. In attempting to prevent the deed, his wife was severely cut, and is in a precarious condition. The deceased had formerly been an inmate of a lunatic asylum.

Trotting Match.

NEW YORK, November 3.—At Copaco, Columbia county, a trot for $500, mile heats, best three in five, came off yesterday afternoon, between the black gelding, General Butler, the black mare, Cora, and bay mare, Goldsmith. The race was won by General Butler, in three straight heats. Time—2:25¾, 2:25½, and 2:27.

Fire in Louisville.

LOUISVILLE, Nov. 3.—The mortuary report for October records two hundred and twenty deaths. Seventeen were from cholera. Most, if not all the latter, were imported.

The Morris House, Bird baths, and Yocum's grocery together with the sheds of Burck's stock-yard were burned last night. Total loss, $25,000. Insured for $12,000.

Trial of the Adams Express Robbers.

NEW YORK, Nov. 3.—The jury in the trial of the Adams express robbers at Danbury, yesterday, rendered a verdict of guilty against all the prisoners. Notice was given that a motion for a new trial would be filed and sentence was therefore deferred.

The Visit of the New York Seventh Regiment.

NEW YORK, November 3.—The Seventh Regiment will decline the invitation to visit the Paris Exposition, in 1867, unless six hundred of the members volunteer to go.

Voters Registered in New York.

NEW YORK, Nov. 3.—There were 37,281 voters registered yesterday, which, with 75,8[illegible] registered previously, makes a total of 113,0[illegible] up to the present time.

FOR SALE.

FOR SALE.—No. 1. Farm of 400 acres, Fairfield township, Westmoreland county, Pa., about 7 miles south of the Pa. Railroad, at Bolivar Station, and 66 miles from the city. The improvements are. First, a two-story stone dwelling with seven rooms; stone spring house, carriage house, corn crib and a good barn 48 by 76 feet; a large stable add granary, and the best of water at the door. Second, a large frame dwelling with 7 rooms and a kitchen, a large stone spring house, bake oven, corn crib, wagon shed, a large hewed log barn. Third, a frame tenement house, with a good stable. Fourth, a two-story hewed log house and barn. The fencing is generally good, large meadows, of the best timothy and clover; an abundance of limestone and coal upon the farm; a young and old apple orchard at each dwelling; 300 acres cleared, the residue in good timber, such as white, red, black and rock oak, sugar, beech, poplar and locust. The soil is good producing the very best crops of all kinds of grain; would make a No. 1 stock farm, and will be sold low. Possession on the first day of October, 1866.

No. 2. Farm of 53 acres, situated in Chartiers township, Allegheny county, Pa., about 3½ miles from the city, near the line of the Steubenville R. R., and within one-half mile of a station; 30 acres of the best of creek bottom land, and in a high state of cultivation; 23 acres of wood land and pasture. The fencing is generally good. The soil is No. 1, and well adapted for gardening. The attention of those wishing to embark in the business will call at once and secure a good bargain, as this is a rare chance.

No. 3. Farm of 84 acres, situate in Elizabeth township, Allegheny county, Pa., on the Monongahela river, about one mile from the Borough of Elizabeth. The soil is of the best quality. The improvements are a farm house with six rooms, a good barn and other out buildings; fencing good; about 50 acres of coal. Churches, schools and mills very convenient. Possession immediately.

No. 4. Also, the best Farm in Elizabeth township, containing about 90 acres, lying on the Monongahela river immediately below Lock No. 3, on which is erected a large two-story brick dwelling, one log and one frame bank barn, corn crib, wagon shed, brick spring house, granary, work shop, &c.; about 30 acres of the above is first quality river bottom; the balance being limestone land, and underlaid with coal, and about 20 acres of limestone. There are two orchards of apple trees, in good bearing condition; peach, pear, plum trees and grape vines, &c. The land is well adapted for gardening purposes, being a short distance from the thriving borough of Elizabeth, creating a market at home for all the products. The property will be sold cheap and on reasonable terms.

No. 7. A Farm of 96 acres, situated in Elizabeth township, Allegheny county, Pa., about one mile from Lock No. 3, on Monongahela river. Improvements are one frame house, with five rooms, barn, spring house and other outbuildings. The land is of the best quality. The above will be sold at very low figures.

Persons wanting any of the above Real Estate will please call on

JOHN D. BAILEY,
Stock and Real Estate Broker.

FOR SALE—400 Acres of Coal Land, lying immediately upon the Ohio River, 20 miles below Gallipolis, and 138 miles above Cincinnati. On the above tract is a four foot vein of Coal, which, for general purposes, is not surpassed. It is entirely different from the Southern Ohio Coal; contains but little sulphur, forges and cokes well, and for making steam cannot be excelled. The location being about midway from Pomeroy and Hanging Rock, must make it valuable for coaling boats. There is a water front of ¾ of a mile, with a good landing at all stages of the river. An entrance has been run in the hill about 300 feet, track finished to river, together with the necessary fixtures for mining and delivering coal afloat. On said tract is a first-class double Portable Circular Saw Mill together with a Portable Grist Mill, all in good running order, and plenty of the very best oak, ash and poplar timber. Will sell one-half interest if desired, to a party with experience and capital for working same.
JOHN D. BAILEY,
Stock and Real Estate Broker,
oc19 No. 102 Fourth street.

FOR SALE—231 acres Coal, including 5l acres on face, on the East side of the Ohio River, three miles above Wheeling, with right of way to river. The close proximity to a good market at Wheeling, together with the fact that the coal crops out high enough in the hill to be used profitably for rolling mill purposes, makes this a good investment.

SAN FRANCISCO, Nov. 3.—General Halleck has received intelligence that the remainder of the money stolen from the Paymaster General of Idaho had been recovered, and the two soldiers of the 14th Infantry who committed the robbery have been captured.

The steamer Active, for Victoria, Van Couver's Island, sailed to-day, carrying $40,000 in treasure.

Choice wheat closed to-day at $2,00 per 100 lbs. Mining shares are generally firm; Yellow Jack, 603; Cholar Potosi, 139; Ophir, 91; Imperial, 107.

Destructive Fire in Boston—Loss Five Hundred Thousand Dollars.

BOSTON, Nov. 4.—Last night a fire broke out in the basement in the rear of 41 Franklin street, which is the centre of a large five story granite front block, stretching from Hawley to Arch street. The flames soon spread through the roof, and notwithstanding the strenuous efforts of the firemen, it gained rapidly, and spread to the right and left to Nos. 49, 47 and 45, and 39 and 37. The loss is variously estimated at from three hundred to five hundred thousand dollars, and is said to be mostly insured, but the details cannot be obtained to-day.

Express Car Burned.

NEW YORK, November 3.—The Merchants Union Express, on the New York Mail train from the East, took fire this afternoon near Palmyra, and before the flames could be suppressed, the freight was damaged to the amount of two thousand dollars, by fire and water. The burned freight was mostly consigned to Buffalo.

RIVER NEWS.

The river continues to recede steadily at this point, with about six and a half feet in the channel by the marks last evening. On Saturday afternoon it rained almost without cessation, while yesterday it was cloudy and raw with indications equally favorable for either rain or snow.

The Bayard, from Parkersburg, and Argonaut, from St. Louis, constitute the arrivals since our last report. The former boat will leave again to-day at noon.

The Lorena, Importer, Kenton and Amelia Poe, were advertised to leave Cincinnati for Pittsburgh on Saturday. The towboats Bengal Tiger and A. J. Baker passed Memphis last Monday night, bound South, with large tows of coal.

The Kate Robinson left for St. Louis on Saturday evening with an excellent freight trip, and full of passengers, including a large number of families.

It seems that we were in error in stating that the accident to the tow of the Simpson Horner was caused by the bursting of the steam-pipe. She sunk but one boat—not two as we had it—and the sinking took place at the head of "Merriman," before the explosion of the steam-pipe. The injury she sustained was soon repaired, and she went on her way rejoicing. The Horner, as previously stated, is a new boat, and is now making her first trip.

Capt. Donaldson expected to launch the hull of the Great Republic at Shousetown on Saturday last.

Capt. Hare's new boat, the "Citizen" is almost finished, and will soon be ready for business. She makes a very fine appearance, and it will take a considerable amount of freight to load her down.

The "Dubuque" is the name of a new side wheel boat now being finished at our landing, for the "Northern Line Company," of Saint Louis.

The Argosy, Capt. Vandergrift, is filling up rapidly for Cincinnati, and will leave promptly as advertised to-morrow at 12 o'clock. This boat, as already stated, will ply regularly in connection with the Quickstep, in the Pittsburgh and Cincinnati packet trade, leaving here every Tuesday.

The Kate Putnam, Capt. Lightner, and the Bellevernon, Capt. Darragh, both new and commodious steamers, are announced for St. Louis and all intermediate points forthwith, and the America, Capt. A. C. McCallum, will be the first boat out for New Orleans.

The Camelia, Capt. J. H. Lytle, is filling up steadily for Nashville, and will probably take her departure about the middle of the week.

The Bayard, Capt. Geo. D. Moore, is the regular packet for Parkersburg to-day, leaving at noon.

For more than six years past the work of enlarging the canal around the Falls of the Ohio river, known as the Louisville and Portland canal, has been in operation. The change is made so as to admit of the passage of large steamers, and a committee of the Cincinnati Chamber of Commerce, a body very much interested in the success of the work, have just reported that $1,800,000 have already been expended on its enlargement, and that $3,000,000, and at least two years' more labor, will be requisite to complete it.

The Cincinnati Commercial, of Friday, has the following items:

There was considerable excitement on 'Change yesterday, relative to New Orleans freights, owing to the introduction of Capt. James Good's new towboat Sam Parker and barges in the trade. The regular rate to New Orleans at present, by steamer, is forty cents per hundred, while the underwriters charge fifty per cent. additional for insuring on barges. To meet this exigency, Capt. Good reduced the rate to 27½ to 30 cents per hundred on his boat and barges...... The Potomac came in from Wheeling last night, full of people and a fair freight trip. She reports meeting the C. E. Hillman and Fleetwood yesterday morning at 7 o'clock, just below Portsmouth, side by side, ascending the river in gallant style, the latter being about half a length ahead...... We are glad to learn that Capt. W. W. Fenton is again able to resume his duties on the Silver Spray.......... Capt. W. P. Walter has been confined for a few days past to his house by slight sickness...... Capt Geo. H. Alcoke returned from Chicago yesterday morning....... The Amelia Poe dropped down to the landing yesterday in perfect repair, and will load for Pittsburgh.

FINANCE AND TRADE.

SATURDAY, November 3, 1866.

The New York stock quotations to-day, as reported by Robinson, McClean & Co., were as follows: Gold, 147¾; 1881's, 114¼; 5-20's, old, 110½; do new, 107½; 10-40s, 100⅝; 7-30s, 1st series, 107¾; second and third, 105¾. Michigan Southern R. R., 93⅝; Cleveland & Pittsburgh, 94⅝; Pittsburgh, Fort Wayne & Chicago, 110⅝; Erie R. R., 85; Union Telegraph Company, 52⅝; Chicago & Rock Island, 111⅝; Chicago & North Western, 59; do preferred, 80⅝.

United States bonds, under fresh demands from Europe, have ruled steady throughout the week, and close to-day at an advance on Five Twenties of one half on old bonds of 1862 and three-fourths on new bonds, coupons payable in January and July. First series of Seven Thirties have risen from 106½ to 107⅝. Second and third series remain without change at 105⅝ to 106. The speculative feeling in Railways, so marked on Thursday and Friday, has calmed down somewhat, though most of the list is to-day one-eigth above yesterday's quotations.

Our local stock market has been firm on the better class of stocks, Bank, Gas, Bridge and Governments, but weak on Railways, Insurance and Oils. Bank shares change hands so rarely that it is by no means easy to arrive at satisfactory quotations. Sales have been made of Merchants National at $65, and more could probably be used at the same figures. We have the same figures bid for Exchange National. Peoples sought for at 111. Tradesmans' offered at 110. Third National offered at 126—no bids to-day.

There is a lull in the Railways just now. Allegheny Valley Railroad has dropt from the high figures current a month ago; we are told the buyers are ready for it at about 16. Connellsville has been quiet for a long time. We cannot learn of a sale for a month or two—a test of the market would probably place it something near $10@11. Chartiers gone under for good. Steubenville 5 bid, last reports held at 7@8. Oils drooping. Columbia offered at 16¼. Sales at a quarter less. Marine offered at 3. Bids, we are told at 2¾. Triumph, sales at 1. Same bid for small lots. Paxton offered at 10—buyers off.

—The State debt has been reduced $1,158,609 62 during the year ending September 3, 1866. This fact, taken in connection with the offer of the Commissioners of the Sinking Fund, soliciting proposals for the sale of $1,000,000 each of five and six per cent loans, proves that the financial condition of the State is most flattering. The indebtedness of the State on the 1st of December, 1865, was $37,476,258 06, the assets in the Treasury being $13,629,678 14, leaving the liabilities of the State over assets $23,852,569 92.

—The Pennsylvania Railroad Company declared Thursday, November 1, its semi-annual dividend, paying 4 per cent November 30—being equal to 8 per cent per annum, clear of Government and State taxes. We learn the directors have paid off the floating debt of the company, and also that they have wisely, we think, determined to use all available resources to provide further equipment and other facilities needed to accommodate the largely increasing traffic of their great thoroughfare; by this sound practical policy the best interests of our commercial metropolis will be promoted and by the largely enhanced value of the Company's property the shareholders will enjoy regular semi-annual dividends, and from time to time we presume extra dividends or allotments on stock to represent such increase of absolute property.

—We extract the following from the stock report of the Philadelphia Press of Saturday:

The demand for five-twenties was readily accounted for by the circumstance that twenty-four millions of gold, equal to $35,000,000 in currency, is let loose, or will be paid out, as fast as called for, for the November income on the public funds, to swell the private and corporate means of the country and to increase the temporary balances for employment in our great money markets. There may be a qualification to this effect to the extent of the gold interest due to European bondholders, which may not be re-invested on this side, but shipped directly or indirectly in gold from the treasury to London and the Continent.

—The gold deposits at the United States Mint during the month of October were $355,789,18 and the silver deposits $50,110,32—in all $405,899,50. The gold coinage, nearly all in double eagles, was $750,252,26; the silver coinage, almost wholly in half dollars, was $53,553,65; the copper, $117,569, much the larger amount being in the new five cent pieces. The total coinage of the month covers 5,142,974 pieces, of the value of $921,375,91.

—The First National Bank of New York has declared its half-yearly dividend of 10 per cent, and added 10 per cent more to its surplus, making its surplus now $300,000 on its original capital of $500,000. The Tribune says this bank has paid 20 per cent per annum in dividends ever since it opened for business, now three years, and has added 20 per cent per annum to surplus during the whole three years.

PITTSBURGH MARKETS.

OFFICE OF THE PITTSBURGH GAZETTE, SATURDAY, November 3, 1866.

The produce markets have been more active than usual during the past week, and while there has been a fair volume of business in the aggregate, and round lot operations have been more numerous, still, as a general thing, the demand for the leading articles has been mainly local, and, transactions generally, of a jobbing character. For Flour and Grain, there has been an improved demand, and prices close higher than at the opening of the week, but with these exceptions, there has been no changes worthy of special notice.

GRAIN—No. 1 Spring Wheat is firm, with sales at $2,65, while Amber may be quoted at $3 to $3.10. Oats scarce and firm, with an upward tendency. We continue to quote at 53 to 55, on track, and 58 to 60, in store—sale of 400 bush at 54. Barley is moderately active, with sales of 3 cars medium Spring at $1,12, and prime No. 1 at $1,20. No movement in Rye. Sale of 6 cars Shelled Corn at $1,10.

FLOUR—Is very firm and considerably excited, and prices are still tending upward. We continue to quote at $12½ to $13 for Spring Wheat; and $13 50 to $14,25 for Winter Wheat brands. Rye Flour is quoted firm at $7,50, and Buckwheat is selling at $4 to $4.50 per cwt.

PROVISIONS—Bacon is dull and unchanged at 16½ to 17 for Shoulders; 18 for Ribbed Sides, and 22½ to 24½ for Plain and Sugar Cured Hams. Lard is dull and nominal at 16 to 16½. Nothing doing in Mess Pork.

APPLES—Reported steady with sales at from $2½ to $3½ per bbl, as to quality. Quite a number of our dealers are shipping East, which keeps the stock down here.

SEEDS—There is a steady demand for Flaxseed at $3, and but little offering. Timothy Seed is dull with small sales at $3. Clover Seed is quoted at $7½ to $8.

HAY—Sale of 8 tons baled, in first hands, at $22 per ton; and 6½ tons prime baled, in second hands, at $25. Demand fair and stock light.

BUTTER—Prime Roll is in good supply, but the demand is fair and we can report regular sales at 30 to 32.

CHEESE—Is rather dull but unchanged—16 to 17 for Western Reserve; 17@18 for Hamburg; 18 to 19 for Factory, and 20 to 21 for Goshen.

CRANBERRIES—Steady with a demand fully equal to the present supply, and we continue to quote at $15 for common and $20 for cultivated.

EGGS—Firm, and fresh packed sell readily at 30.

POTATOES—Peach Blows very dull and prices are entirely nominal. Jersey Sweets are selling at $4½ to $4¾ per bbl.

PITTSBURGH PETROLEUM MARKET

OFFICE OF THE PITTSBURGH GAZETTE, SATURDAY, November 3, 1866.

CRUDE—The operations in Crude were again heavy to-day, showing pretty conclusively that the cable news was not as bad as reported yesterday, though there is no disguising the fact that the tenor of foreign advices is not as favorable as it might be. Not only was there a brisk demand, but the market apparently was stronger, and prices well maintained, and in some instances, an advance was realized. The reported transactions reached, in the aggregate, between twelve and thirteen thousand barrels, and, as will be seen, prices ranged all the way from 11 to 12, in bulk and barrels returned, according to delivery and gravity—mostly at 11 to 11½. Sales of 2500 bbls at 11; 3 60 at 11½; 1300 at 11½; 1000 at 11¾; 1000 "Smith's Ferry" in two lots of 500 each, at 11; and 1000, to be delivered within thirty days, seller's option, at 12. Telegrams from Oil City report crude considerably excited, both at that point and at the wells, and an advance of some considerable magnitude has been established.

REFINED—There was also a very fair demand for bonded oil to-day, the foreign news to the contrary notwithstanding, though prices, compared with yesterday, are not quotably higher. Sales of 500 bbls on the spot, at 36; 500 and 1000 for December, 2000, 500 and 1000, for January, and 500 for February, all to be delivered in Philadelphia, and all at 37—total sales reported, 5500 barrels. During the early part of the week, the market was very dull and stagnant, and several sales were effected in Philadelphia at 34½ to 35, but since then the trade has been rallied, and as will be seen above, sales were made there to-day at 37, showing an improvement of from 2 to 2½ cts per gallon. Quotations may be fairly given at 30 to 31, free on board cars here, and 36 to 37, delivered in Philadelphia. Free oil is dull and nominal at 50 to 51, for standard brands.

ARRIVALS—The following arrivals of oil were reported to-day:

R. D. Cochran	3500	J. Gallagher	1000
D. M. Edgerton	700	J. Wilkins	2300
Forsyth & Bro	1000	W. P. Logan	714
D. Bushnell	3000	Mawhinney & Co.	420
D. Bly	800	Fisher & Bro	3870
Total			17,304
Total Receipts for the week			26,087
Total Receipts last week			2,794
Total since Jan. 1			817,634

Baltimore Cattle Market.

BALTIMORE, November 1.—Beef Cattle—The offerings at the scales during the past week amounted to 1440 head, against 848 last week. Of the number received some 120 head were withdrawn and driven to Philadelphia; 150 head were not offered; 150 taken by graziers and feeders; 100 left over unsold, and the balance taken by Baltimore butchers. Prices to-day ranged as follows: Scalawags and old cows at $4,50; common cattle at $5 to $6; stock do $6@6,25; fair to good $6,50@7,50, and very good beeves at $8 per 100 lbs. The market closed very dull. Sheep—The supply was plentiful, and prices ranged from 4½ to 6 cts per lb—a decline. Hogs—Supply large this week and prices drooping; sales were made at $11½@13¼ per 100 lbs net.

MARKETS BY TELEGRAPH.

New York Financial Matters.

NEW YORK, Nov. 3, 1866.

The Post's money article says: The sensational report from Baltimore to-day checked the upward tendency of speculation in the leading railroad and fancy stocks in consequence of the disbursements from the Treasury. Coin is plentiful for delivery and is freely lent without interest, as much as 4@5 per cent. being, in some cases, paid by the holder of the coin to have it carried. The loan market is inactive, but feverish sales being 5 per cent. for call loans, and 5½@6 for discounts. The stock market is unsettled. Governments are better and railroad shares are offered at lower prices. After the regular board quotations were: New York Central, 1[illegible]¾; Erie, 85½; Hudson, 126; Reading, 116½; Michigan Southern, 93; Illinois Central, 12[illegible]; Pittsburgh, 94; Toledo, 122; Rock Island, 111½; Fort Wayne, 111¾; Ohio and Mississippi Certificates, 33¼.

New York Produce Market

NEW YORK, November 3.—Cotton dull at 38½@40c for Middling Uplands. The Flour market is dull and 20@30c lower, at $10,20@11,50 for Extra State and Extra Round Hoop Ohio, and $13,50@15 for Trade Brands, closing heavy. Whisky quiet at $2,41 in bond. Wheat is very dull and nominally lower 3@5c. Rye dull. Barley 3@4c lower. Corn, 2@3c lower, irregular and unsettled, closing firm at $1,22 for Inferior; $1,22@1,26 for Shipping Mixed Western afloat and in store, closing at $1,25@1,26 for Yellow; Western at $1,23@1,25, and $1,25 for new White Southern. Oats 1@2c lower, closing rather more steady at 68@72c for Chicago and Milwaukee. Petroleum is firm at 22½c for Crude, and 38c for Refined in Bond. Pork is heavy, irregular and lower, at $30,75@31,25 cash, and $30,25@31 regular, for New Mess, closing at $30,75 cash, and $30 37 regular; $30 for old Mess, and $27@27,50 for Prime. Beef steady at previous prices. Beef Hams are heavy at $40@44. Bacon inactive. Cut Meats dull at 14@14½c for Shoulders, and 16@18c for Hams. Dressed Hogs dull at 11½@11½c for Western.

WEEKLY REVIEW.

Flour active and prices variable, advancing 50c a barrel, and afterwards, owing to large receipts and a depression in wheat, fell back to previous figures, at $11,30 to 13,10 for sound Extra State. Wheat was in great speculative demand the former part of the week, and prices advanced 15c a bushel, but they have fallen back about to the old figure; the market closed nominally for Spring, from $2,30 to 2,45; stock on hand, 600,000 bush, which is about one quarter of the quantity held here last year. Corn; the demand is animated, chiefly at speculative prices, and advanced early in the week from 12 to 15c, but on Friday and Saturday the improvement was lost; the market, however, closing from the present stock is about 250,000 bushels; Western Mixed closes in demand at $1,26 in store, and prices are above the limit of shippers' orders. Rye is comparatively quiet; a slight improvement was obtained early in the week, since which prices have declined, and are now nominal, at $1,28 to 1,35 for Western old and new, and $1,38 to 1,40 for State and Canadian. Oats in active request, chiefly speculative, the prices improving about 7 cents per bushel, with market firm at the close. The stock on hand is about 1,200,000 bushels. Barley active, both for home and export trade. Prices advanced from 10 to 15 cents a bushel, and then declined 10 cents. The exportation since August amounts to 500,000 bushels—a new feature in the trade. Provisions and Pork market much excited. A large amount of contracts maturing on the 31st of October greatly unsettled the market. An improvement of $3 per barrel took place since that. However, there has been a decline of $2 per barrel, and market flat, the sales of mess all this month, deliverable at seller's option, at $29,00, and on the spot at $30,00. The stock has increased and is now 57,000 barrels, against 47,000 last month. Beef is in good request at leading prices. The stock is light compared with last year. Bacon and Cut Meats active, but at lower prices. This is confined to the city. Lard more active, out at lower rates, though closing with a firmer tone at 13½ to 15¼.

Chicago Market.

CHICAGO, November 3.—Flour dull, and declined 25c. Wheat dull, and declined 1@3c for No. 1, and 7c for No. 2; sales at $2,19@2,20 for No. 1, and $1,97½ for No. 2. Corn opened heavy, at a decline of 1c, and advanced 9½c, and closed quiet at 90@90c for No. 1, and 88@88½c for No. 2. Oats declined 2c; sales at 41½c for No. 2. Provisions dull. Hogs dull and declined, at $10@11; sales at $8@8,25 for common to good.

St. Louis Market.

ST. LOUIS, Nov. 3.—Flour continues heavy and unsettled with declining tendency; wheat in large supply at a decline of 5c; Corn dull, lower now at 70@80; seed, yellow and white, 102@105; prime, white and mixed, $1,00; oats lower, prime and choice, 53@55c; provisions inactive; whiskey better, $2,33@2,35.

New Orleans Market.

NEW ORLEANS, Nov. 3.—Cotton steady and unchanged; sales 2,500 bales; receipts 3,300 bales. Sugar steady, fair 12½c. Molasses steady, at 55@61. Sterling 55. New York Exchange still.

THE NEW
Spring and Summer Medicine.
FLUID EXTRACT
SARSAPARILLA,
COMBINED WITH
Iodide of Lime,
PREPARED FOR
G. W. PETTES, BOSTON,
BY
James R. Nichols & Co.
MANUFACTURING CHEMISTS,
MANUFACTURERS OF THE
ELIXIR PERUVIAN BARK
WITH
Protoxide of Iron,
Which has become so favorably known as a
Tonic and Restorative,
By Physicians and Invalids in all parts of the country.

The new preparation, "SARSAPARILLA IN A COMBINATION WITH IODIDE OF LIME, presents one of the most prompt alterative agents in a form capable of exerting full action upon the system, and this in minute and pleasant doses. It is conceded that the alterative, resolvent, or tonic effects of Iodine, are exerted most decidedly when associated with other alteratives, in combination, and the Sarsaparilla seems to fulfil perfectly all the favorable requisitions.

The first effect usually observed when "SARSAPARILLA WITH IODIDE OF LIME" is taken, is an increase of appetite, showing that it has tonic properties of a marked character. Its alterative effects are manifest in its ready combination with the blood and tissues. Pale, scrofulous women and children improve rapidly under its use, and the vital functions assume a healthy condition.

It is admirably adapted to a large number of chronic or acute affections peculiar to children. It is suited to them, both by the mildness and efficiency of Medicinal effect and the pleasant, attractive form of the remedy. It may be given for a long period where constitutional influences are desired, and no repugnance, or disinclination to take the syrup, encountered. In White-swellings, Hip-Joint Disease, and Distortions of the Spine, it should be given persistently, in moderate doses, until relief is obtained.

In the Spring of the Year, and during the Warm Weather.

The accumulation of morbid matters in the system seems to become manifest and very troublesome. Lassitude, Headache, Boils, Costiveness, Loss of Appetite, Pains in the Joints, Indigestion, etc., are very common. Nothing ever devised is better adapted to exterminate or drive off these affections than this new combination of SARSAPARILLA WITH IODIDE OF LIME.

No preparation like it, or which approximates to it as an

Alterative, or Blood Purifier,

has ever before been placed within the reach of invalids. Indeed, it is an entirely NEW and SCIENTIFIC combination in no respect resembling anything hitherto employed.

The opinion of medical men concerning it, the description of its chemical character, therapeutic value, manner of use, etc., are given in a circular, which can be had at the store of any and all first-class Druggists.

For sale in Pittsburgh by R. E. SELLERS & CO., AND ALL DRUGGISTS.

10th. Dr. Keyser's Pectoral Syrup will cure Catarrh.
11th. Dr. Keyser's Pectoral Syrup will cure Hoarseness.
12th. Dr. Keyser's Pectoral Syrup is sold at most Drug stores, and at the proprietor's, 140 Wood street. Consulting and Examining office, 120 Penn street.

CONSUMPTION.

Our son JAMES PAINTER, some three years ago was afflicted with consumption of the lungs, for which he was discharged from the army. He was examined by four army physicians who all agreed that he must die with the disease. I brought him to Dr. KEYSER, 140 Wood street, (now 120 Penn street,) who, after sounding his lungs, commenced to treat him, and cured him sound and well. He is now well and has been so for the past three years. Others afflicted in like manner can likewise be cured.

JAMES PAINTER,
SARAH ANN PAINTER.

Temperanceville, Sept. 5th, 1866.

PITTSBURGH, December 2.

A GREAT CURE BY DR. KEYSER'S PECTORAL SYRUP. I live in Peebles township, Allegheny county. I had a cough and spitting, commenced about the 4th of February last, in consequence of a cold [illegible]. I employed the best physicians in the country, and my cough continued unabated until early in October. At that time I was advised to try your Pectoral Cough Syrup, which I did, and after I had taken one bottle I was entirely free from the coughing and spitting. I had despaired of ever getting well, and I think it should be known that this valuable remedy will do for others what it has done to my case.

JOHN C. LITTLE,
Peebles township.
Witness R. F. KERR.

A case of five years' standing cured by DR. KEYSER'S PECTORAL SYRUP.

PITTSBURGH, January 11, 1866.

DR. KEYSER:—My wife has been afflicted with a dry cough and difficulty of breathing for five or six years, and she had been gradually increasing worse for several years back, [illegible] I am at liberty to publish it if you desire to do so.

WM. WILSON,
Alderman, Fifth Ward

WHOOPING COUGH.

Below will be found a certificate from Doctor M. Dupuy, one of our most respectable dentists, in regard to Dr. Keyser's Pectoral Syrup. The Pectoral Syrup is an infallible cure for every form of cough and cold to which we are liable.

PITTSBURGH, June 23, 1866.

DR. KEYSER—Dear Sir: I have for a long time been opposed to advertised or patent medicines, [illegible] we have found it beneficial.

Yours,
M. DUPUY, No. 21 Wylie street.

HERNIA OR RUPTURE.

It will be observed that we have published to some time past an advertisement of Dr. George H. Keyser, of 140 Wood street, Pittsburgh, Pa., in reference to Trusses and other mechanical appliances for the cure and relief of hernia, or rupture, besides various broken down conditions of the human body in which are usually beyond the reach of medication. Dr. Keyser has given this branch of the business great attention for several years past, and we are justified in saying that he comprehends it thoroughly. He also keeps in his store Shoulder Braces for weak breasts, Elastic Stockings for varicose veins, Pile Props for the cure of Piles, and, in short, every variety of mechanical appliance. Dr. Keyser is the inventor of a Truss for the radical cure of hernia or rupture, so perfect in its parts, and so comfortable to the wearer, as to elicit the admiration of all who may need such an appliance.

He has recently been in communication with one of the ablest and most experienced truss surgeons in the United States, and feels satisfied that many poor people are annoyed with ill-fitting and uncomfortable trusses, can be accommodated by calling at his consulting rooms, NO. 120 Penn street, at his Medicine and Truss Depot, 140 Wood street. Office hours from eight to eleven A. M. and one to four P. M.

DEAFNESS AND THE EAR.

Many persons have rested content in the belief that skin and ear diseases, however troublesome will wear out of themselves, or that no remedies will avail in effecting a cure; in this way many persons have been deprived of some half dozen years, who might easily have been relieved at the onset in as many weeks. So also with regard to the ear, a prejudice exists, which is often expressed, tampered with, whence hundreds have thus remained deaf for the greater part of a lifetime, who would have been greatly relieved, and in many instances, completely restored to their hearing, had proper assistance been timely applied for, as will be seen by a perusal of the following certificate. We also take occasion to remark that the testimonials come from a source close at hand, in Allegheny City, where, upon inquiry, any one interested can satisfy themselves of its truth:

PITTSBURGH, July 28, 1866.

DEAR SIR:—I take pleasure in sending my testimony of the [illegible]
